CITY CHECKS R. R. AS PLANS MADE FOR W'LAKE ROAD

Weston Drive Work To Begin Soon

Final city proceedings for laying a street over property in Westlake, claimed by both Henry Doelger and the Ocean Shore Railroad, were sped through the city council Monday night.

No more than a single technical protest was heard from Gardiner Johnson and a battery of five lawyers representing the Ocean Shore railroad.

Despite the serenity of Monday night's meeting, it was generally agreed that the Railroad h a d merely shifted the scene of "battle" from the Daly City council chambers to the courts in Redwood City. When the company would sound its first gun was still a mystery, and the only comment Johnson's firm would make was:

"We'll wait and see what the city council does next...then we'll act."

Victory

However, it appeared the city had won the first round in the drive to put down a street over a 60 foot strip of land running from the north of White street east and north to Highway No. 1.

James Norton, a member of the firm of Kirkbride, Wilson a n d Harzfeld and Wilson, attorneys representing the city in the case, said eminent domain proceedings had been filed Friday, October 13. He said the court has granted the city immediate possession of the land, to be known as Weston Drive, and the city could begin work on the road almost immediately.

This work will be done by the L. C. Smith company which was awarded the contract for the project by the city council Monday night. The lower bid of Henry Doelger of $36,018 was rejected because of a technical flaw. Smith's bid is for $40,854.

Your Move

When the street work will begin is still undecided, and dependent upon several moves t h e Railroad may, or may not make during the next week. Ernest Wilson, representing the city, said Johnson could make these motions to delay the work:

1. Motion to have the court set aside the decision to give the city immediate possession of the land.
2. Motion to increase the de-

(Continued on Page 2)

HOW IT LOOKS FROM A CORNER

By BILL KATZ

All in a Name

President Truman, accompanied by the "Veep" and a carload of special agents, passed through Daly City Monday evening on his way to San Francisco.

This will come as news to no one, not even the Republicans, but it was a complete surprise to one gentleman who had just returned from a two-week hunting trip in the backwoods of Idaho.

The gentleman was about to cross San Jose when he was stopped on the west side by the leading van of motorcycles and agents. Puzzled by the excitement, but a bit ashamed to show his ignorance of world affairs during the two weeks he was not in contact with civilization, the hunter waited patiently for the "parade" to end. As the Presidential car grew near, the gentleman lost something out of his pocket, and consequently was retrieving the item when Harry's face was turned his way.

A lusty mesdame on the curb next to the Daly City man noted the President's passing with: "Hurray, Harry."

The hunter, active in labor circles, put a name and a name together and commented acidly: "I'd a never thought it would take so many cops to get Harry Bridges back to jail."

Enlightened by the woman next to him, the gentleman gave a gentle sigh of relief: "Boy, for a minute I thought it was Bridges, thank g . . it was only the President."

How To Get a Vote

We see that the Russians had a record "Ya" vote in the Eastern zone of Germany this week, with well over 95 per cent of the populace turning out to put a red ticket in office.

This might be an enviable record

THEATRE WINS YEAR LONG FIGHT FOR ROAD OUT

COLMA VISTA GRANDE AUXILIARY No. 1848, FOE gave a birthday party recently in honor of Kathleen Brush, daughter of Mr. and Mrs. Brush, 211 Hillcrest drive. Young Kathleen, as the Auxiliary's charter baby, celebrated her second birthday October 16. Future little Eaglets who attended the party were: Donna and Saralyn Almada, Kenneth Martin, Debbie Almquist, Marval Gariner, Janet Brush, Kathleen Brush and Michael Royer. (Photo by Myra)

Burglar Really Cleans House

One of the most thorough burglars in Daly City's history ransacked the home of Frank H. Dorr, 61 Citrus, between October 11 and October 14, police reported today.

The unidentified thief entered the home by breaking the rear window in the basement. Once inside, the burglar went to work on a grand scale.

Evidently aware that the Dorrs were going to be away for some time, the thief emptied the house of everything he could move, with the exception of the furniture and larger household appliances.

When Harry Brakewell, a nephew of Mrs. Dorr, entered the house last Saturday, he immediately called police. The officers arrived and found well over 100 items missing from the home.

Included in the burglar's haul were 10 bed sheets, 40 handkerchiefs, 20 new pairs of sox, 75 Indian head pennies, a lady's wrist watch, a dime bank containing $3, five men's shirts and scores of similar items.

OLPH Carnival Grosses Over $10,000; Record, Merchants Thanked For Help

Somewhat over $10,00 was taken in at the "Carnival of Nations" held by Our Lady of Perpetual Help church over the past week end, Father William Stewart announced today.

All of this money is to be used for the school building fund which at some later date will be employed to enlarge present school facilities.

In a letter to the Daly City Record today Father Stewart said:

Words of Thanks

Gentlemen:

I would like to express through the Daly City Record my appreciation and gratitude to all who made possible the success of the Carnival of Nations given by Our Lady of Perpetual Help Church on October 13, 14 and 15. This was made possible by the generosity, good will and work of the many parishioners and Daly City merchants, and the wholehearted patronage of the people of Daly City and neighboring counties.

A great deal of credit must be given to the Daly City Record for cooperating so splendidly in advertising the Carnival and in printing from time to time articles of interest. I am sure a great deal of interest in the affair was stimulated by these articles.

Sincerely yours,
Father William Stewart

After The Ball

"After the ball was over—after the break of dawn. Many a corn that is aching, many a voice that's gone." The words of the old song may be a bit off, but the sentiment is still the same, and it could be made the theme song of the last of the "Carnival of Nations."

The Ninth Annual Carnival was over and a group of weary but happy people compared notes and nursed tired feet, as all agreed that this had been the "Best Carnival Ever."

And thousands of visitors would agree with them. For three nights the Parish Hall of Our Lady of Perpetual Help Church swarmed with visitors from Daly City as well as our neighboring towns. So many came to see the clever decorations and stayed to have a good time. Where else could you see all under one roof, pigtailed Chinamen rubbing elbows with Scotch lassies? Or see Injun Joe selling balloons and birds, followed by his devoted squaw with her papoose strapped on her back —or Spanish caballeros joking with little Dutchies.

Lots Of Fun

And didn't the kids have fun! They were all over and everywhere, in and out, up and down, through the yard over to the Children's Concessions and back again and no one scolded or objected. Once in a while a toddler had to be whisked out of harm's way, but no one cared. The Carnival is a family affair.

The Cafe de Paree was busy all the time and the girls who worked there kept hopping as they fed hungry hordes—but everything was so good who could resist.

Everyone had a grand time and

(Continued on Page 2)

ILLITERATE...OR DON'T YOU CARE?

Is Daly City a town full of illiterates, or is it that the community just doesn't give a hang about its library?

We're beginning to think that at least the last part of this question is correct. Two weeks ago we called for some action by local organizations on the over-crowded condition at the Daly City Library. The only reaction to date has been an apathetic: "Oh, well, we can't do anything now," or "It's not a wise idea to enlarge the library at this time."

Our reply is simple and succinct: "Nuts." It's been 10 years since the city has seen fit to enlarge, or make a single change in the library. During those 10 years the library hasn't stopped growing, and consequently today they have hundreds of books that can't be shelved due to lack of space.

Does the city plan to go another 10 years before any action is taken? Do readers propose to read books written 10 years ago, because they aren't interested in helping their library?

We say the library can be enlarged. A city that can build a War Community center, can put in new parks, can build 64 new classrooms, surely can do something to help its library.

And just for the record, here are a few figures on the growth of the juvenile department of the library: The circulation in 1948 was 9,231; today it is 13,849. The number of books has jumped from 2,329 in 1948 to 3,000 today. Despite this growth in circulation and number of volumes, not even an extra shelf has been added to quarters that were already inadequate in 1948.

Something is wrong here, and it's about time the men and women (especially the women) did something to leviate the conditions of their library.

DRIVE-IN MOVIE GRANTED EXIT ON LOWELL

Year Long Fight Comes To Conclusion

After almost a year of bitter controversy, the Star-Lite Theatre company today was going ahead with plans to use Lowell street as an exit for their new drive-in movie in the Concordia district.

The use permit for moving dirt and breaking into Lowell was granted the company by the city council Friday. The decision of the council followed a meeting between residents of the area and theatre officials last Wednesday evening.

One of the theatre spokesmen said today that the drive-in, located in the northeast section of Daly City, will be open for business early in November. It will feature all the latest inovations, and have a capacity of close to 1,000 cars.

Residents Speak

When contacted today Elmer Vert, leader in the fight against the theatre, said he had no comment.

However, Vert and six other residents of the area were far from quiet at the meeting Wednesday. They recalled how on February 6 the council had gone on record against the theatre using Lowell street as an exit.

To this Mayor Paul Green replied that at the time it appeared the theatre might find a better exit than Lowell. The mayor said that on later investigation that the only plausible means of exit was Lowell. He asserted that by using Lowell the theatre would have the use of a wide street bordered only by four houses near the drive-in. On the other hand, if the theatre used Frankfort as an exit, traffic would be forced down a 26-foot narrow street.

Show Us a Way

Disgruntled, the residents asserted the "cards were stacked" against them even before the came to the meeting. To this the mayor replied:

"If you can show us any other solution to the problem we will be glad to abide by your decision."

The residents stuck by their first arguments, and failed to convince the council. Consequently, the permit was granted.

In issuing the permit, no mention was made of the $4,500 earlier promised by the theatre towards the $110,000 assessment district. However, a theatre official said that if at some later date signals (valued at close to $4,000) were needed at Lowell and Bellevue the company would install them free of cost to the city.

Annexation

Also, a tentative agreement has been reached between the city and the theatre that in the near future the property upon which the theatre is located (leased to the company by the Crocker estate) will be annexed to Daly City. Presently this land is just over the line in San Mateo county.

"This would mean additional revenue for Daly City," a theatre official said.

Councilmen said they would examine the possibilities of annexation, and give their decision at some later meeting.

BUYING CONTROLS EFFECT CONSUMER THROUGHOUT AREA

Tighter Credit Terms Now On Many Items

Tightened credit terms went into effect throughout the nation Monday and, as everywhere else, were felt in Daly City buying.

Business men contacted reported there had been no marked decrease in buying due to the regulations on purchases of automobiles, furniture, television sets and other major household appliances. However, it is expected that the curtailment of installment purchases will be felt thruout the area before the month is ended.

Down Payment Higher

Banks are now requiring down payments on all articles costing $50 or more. Before the regulations, down payments were not required on anything under $100.

The minimum down payment on automobiles remains at one-third, but the payoff limit is cut from 21 to 15 months. New and used cars and trucks are affected equally.

That will boost monthly installment payments on a $1,800 car from $57.15 to $80, excluding carrying charges.

The minimum down payment on television sets, radios and other appliances was hiked from 15 to 25 per cent and the payoff time cut from 18 months to 15.

As an example, on a $300 television set, the down payments are now $75 in place of the former $45 minimum. Monthly payments, excluding carrying charges, are now $15 instead of $14.17.

Other Durables Hit

Other appliances effected as the television sets include: refrigerators, food freezers, stoves, ranges, dishwashers, ironers, washing machines, clothes dryers, sewing machines, vacuum cleaners, air conditioners, phonographs and radios.

The down payment on furniture and rugs is up from 10 to 15 per cent and the payoff limit down from 18 to 15 months.

Installment loans for purchases of uncontrolled goods will have to be paid off in 5 months instead of the 8 months allowed before.

Bankers Comment

Upward pressure on prices was the reason given for the controls by the Federal Reserve Board.

In commenting on Monday's revisions, Chairman McCabe of the Federal Reserve Bank of California, said:

"While the intensity of these pressures (on prices) on the market varies somewhat from time to time the fact remains that the underlying inflationary forces are unabated and have been augmented by the continuing growth of bank credit as well as credit in specific areas, including installment credit.

DC Police Nab Ex-Con...Save Market $200

Quick action by Daly City police early Monday morning was credited today with saving the County Line Market, 6002 Mission, some $200, and probably writing an ex-con a one-way ticket back to prison.

At 4:15 Monday morning Leonard Anderson, occupant of the flat above the market heard the sound of breaking glass. He looked out of his window and allegedly saw Michael Nazzaro, 43, 198 Crocker, standing in front of the market door. Anderson immediately notified police.

End of Trail

A few minutes after breaking the glass, Nazzaro hurried into the market and was in the act of rifling the cash register, containing $200, when he was surprised by Officer August Benassini. With drawn pistol Benassini took Nazzaro prisoner.

The parolee from Folsom, who police later discovered has spent some 19 years in prisons, had $15.40 in small change on his person as well as a pair of sunglasses.

San Francisco police, who had placed a "hold" on Nazzaro, have charged him with the burglary of the Del Mar Grocery, 5700 Mission, in which $20 was taken, and the burglary of an establishment at 5635 Mission in which Nazzaro allegedly took a pair of sunglasses and a $2 roll of pennies. Both burglaries took place over the week end.

Nazzaro will have a preliminary hearing before Judge W. J. Sweeney in police court at 2:30 p.m. Friday. He is charged with attempted burglary, and his bail has been set at $2,000 cash or $4,000 bond.

Vista Grande Mkt. Changes Operation To Self Service

After 40 years of personalized attention, the Vista Grande market, one of the oldest and respected markets in this vicinity, located at 6350 Mission st., has changed to self service operation, it was announced by Ray Sordelli, the manager.

Said he, "With the ever mounting cost of living, we decided that something should be done to aid and abet the sorely tried budget of the housewife. Therefor, our new plan of food purchases.

"You know, there was an extra expense involved when our force waited on each customer coming into the store. Well, from now on, purchasers may make their own selections, and so cut

LOYALTY OATH CEREMONY SET FOR MONDAY

Mass Ceremony To Be Held At Jeff

In a mass ceremony, teachers and employes of both the Jefferson elementary and high school district will take the loyalty oath Monday evening.

The oath will be taken by the employes in the auditorium of Jefferson High school at 8 p.m. The public is invited to attend, James Snell, superintendent of schools, said.

Administering the oath will be John Bruning, assistant district attorney of San Mateo county.

Vet Groups Take Part

Also taking part in the ceremonies will be members of all the American Legion and Veterans of Foreign Wars posts in Daly City, Colma, Broadmoor and Westlake.

Oath takers will swear:

"I do not advocate the violent, forceful, or otherwise unlawful overthrow of the government, and do not belong to any subversive group."

The oath is being taken in accordance with the loyalty oath bill signed by Governor Earl Warren October 3 which requires all employes of the state, counties, cities and other political subdivisions to sign a loyalty oath before November 2.

Penalty Stiff

The penalty for lying is one to 14 years imprisonment. The oath, passed by the special session legislature, will be required of prospective 1,000,000 civilian defense volunteers.

Meanwhile, all city employes are expected to take the similar oath within the next few days, Orrin Wendling, city administration officer said.

Also, school officials pointed out that the Monday oath is actually a repetition of the oath, in a limited form, that they have already signed.

State law makes it mandatory for all teachers applying for credentials to swear to uphold the constitutions of the United States and California.

State Grants Loan For 64 Classrooms

The Local Allocation board of the State Department of Finance announced today that the Jefferson elementary school will be loaned $2,624,558 for school construction.

James Snell, superintendent of schools, said this was $10,000 more than requested.

Of the total sum, $378,796 will be made available immediately for use by the school district. The remainder of the loan will be given when bids have been let for the individual schools.

Westlake school has the first priority and Snell said bids for

(Continued on Page 2)

HUNTING A La DALY CITY

Housewife Bags Low Flying Goose

Getting a jump on the waterfowl hunting season this week, a Daly City housewife bagged a 22-pound goose merely by sitting at home.

However, there won't be any need to call in the game wardens, despite the fact that Mrs. Bruno Del Castello, 184 G a m b e t t a , downed the goose Monday noon, four days before the official season opens.

Describing her catch as "manna from heaven," Mrs. Del Castello vividly related her method of "hunting" to neighbor Andy Liberatto, a nimrod of long standing in the community.

Morning Interruption

Mrs. Del Castello said she was busy cleaning up the house Monday morning when she heard a sudden crash on the east side of her home. As the noise was too high up to be a runaway automobile, and two muffled to be an A-bomb, the Daly City housewife was puzzled until she had explored her back yard.

In the middle of the yard she found the goose, as dead as women's short skirts.

"As I've never seen a goose, I was puzzled as to the animal's identity until I called in Mr. Liberatto," Mrs. Del Castello noted.

Flying Low

The friendly neighbor looked over Mrs. Del Castello's catch and concluded it had been flying too low . . . in fact so low that it snapped its neck against the side of the Del Castello home.

Today Mrs. Del Castello has a goose, and a problem.

"It may be manna from heaven, but how do you cook this kind of manna?" Mrs. Del Castello wonders.

Any cooks, and hunters who want a few tips on the fine art of bagging geese are advised to look up the Daly City housewife.

Freedom Campaign Hailed A Success

The county-wide Crusade for Freedom campaign which ended this week, exceeded its county quota of 35,000 names during the seven days allocated to the signature drive, according to a statement made this week by Dan O'Connell, county Freedom chairman.

The Freedom documents which were placed in various business establishments throughout the county were signed by more than 41,000 citizens, O'Connell said.

The Crusade for Freedom drive which was originally spearheaded by General Dwight D. Eisenhower, seeks to collect the signatures of more than 25,000,000 Americans to be placed in the foundation structure of the Freedom Bell Shrine in Berlin.

Freedom Bell

The Freedom Bell is to be used as the symbol of the world peace movement which peoples in the free democracies all over the globe are sponsoring.

O'Connell said that contributions collected during the Crusade for Freedom drive here add up to a sizable total. The money obtained during the Freedom campaign here and all over the nation, will be used to build additional independent radio stations in Europe which will be beamed at countries under the domination of the Kremlin to counteract the Communist lies now being spread among peoples in the enslaved nations of Asia and Europe.

O'Connell expressed his appreciation to the hundreds of local volunteer workers who aided in the Freedom campaign.

FIRE PREVENTION WEEK ENDS IN A BLAZE

Fire Prevention week ended in Daly City last week with...you guessed it...a fire.

Mrs. Frank Byrnes, 210 Los Olivos, called the firemen at 6 p. m. Sunday. Her stove had overheated and was in danger of setting the whole kitchen on fire, she told blaze busters who had spent a strenuous week stressing the precautions that prevent fire.

The Daly City hose hoisters arrived in time to cool off the stove before any serious damage was inflicted on the Byrnes' home.

MORE ABOUT STATE LOAN FOR 64 NEW CLASSROOMS

(Continued from Page 1)

this $626,184 project will be called within the next few weeks.

The state loan was granted after residents last month approved application for the loan to build 64 new classrooms in the Daly City area.

Firemen Feted By DC Eagles

Daly City and Colma firemen were feted with a night last week (Fire Prevention Week) by the Fraternal Order of Eagles, Colma Vista Grande Aerie No. 1848.

Chief Elmer Kennedy of the Daly City fire department, several of his fire-fighters, and thirteen members of the Colma flame battlers were special guests.

Chief Kennedy introduced all the visitors to the Eagles and then outlined briefly the history and working phases of the fire department. He called on Arthur Bodien to present a new fireman's hat to Emil Bertelli in recognition of faithful service on the D. C. fire department. Louis Nanini, Colma fire chief, also introduced his men individually.

Five new members of the Eagles were initiated during the evening. They were David Franzoia, Ralph Lutz, Robert Malaspina, Robert Morgan and City Administrator Orrin Wendling.

They underwent ritual ceremonies with several former members of the fire department and present Eagle members presiding in initiation chairs.

Taking part in initiating the newcomers were Otto Schramm, Emil Bertelli, Arthur Bodien, Larry Shaw, Wayne Alexander, and Dave Cafferata. Past-presidents William Bolger and Frank Davison also took part in the ceremonies.

Dell Fehl conducted a mock initiation which had the audience laughing.

After the speeches and initiation, a spaghetti dinner was served. Later, films pertinent to fires and fire prevention were shown.

The Aerie committee in charge of the evening's arrangements consisted of Bill Carrington, Emil Bertelli, Dick Liberty, Ernie Romer and Bob Hacker. This group worked in conjunction with the Fire Department committee of Arthur Bodien. Dave Cafferata and Wayne Alexander to make the night an outstanding success.

HOW IT LOOKS FROM A CORNER

(Continued from Page 1)

for any government, except there was only one ticket and the voters were literally shoved to the polls.

While no one can condone such methods, we all might learn something from the Russians in one respect . . . that is, there method of assuring a large (if not popular) vote.

We are of the opinion that it should be made mandatory for every man and women over 21 to vote, as much so as it is for all public officials to take a loyalty oath. All too often the minority elect a candidate, only because the majority fail to exercise their rights. This, in one respect, is a type of Russian action in the reverse, and as entirely wrong in its passive effectiveness as the more truculent method of shoving a gun in a man's back and telling him to vote.

Come November 7, we believe it would be a good idea to sock everyone who fails to vote about 10 per cent of his wages that month to be used for arms against a country that can assure a 95 per cent turnout of its voters.

Our Schools

School-conscious voters in this area last month gave their overwhelming approval for a school bond issue to build 64 new classrooms in Daly City. By their vote it becomes apparent that not only teachers are wondering about education.

To those who voted "yes," we'd recommend the latest issue of "Life" magazine, which is devoted entirely to the American education program. Through a series of articles, pictures and diagrams, the national publication comes to the conclusion that our system is good, but is facing a crisis both in curriculum and the number of school rooms.

The school room shortage is self explanatory, as seen clearly in Daly City, but as to what kind of men and women are schools are turning out isn't so obvious. The editors and contributing writers differ as to what means should be employed to give us the "educated" man, but most conclude that today's high school, or even college gradute is far from that nebulous term associated with education . . . peace of mind.

As one writer concludes, paraphrasing Pascal, the whole trouble with men today, educated, or not, is their inability to spend more than five minutes alone in a room thinking and reading. This, we believe, should be the goal of every educational system . . . a man capable of soul searching without the necessity of employing any other means than his reason, religion and educational background.

July 25, 1951, is the cut-off date for starting GI Bill education and training for most World War II veterans. Chief exceptions are those interrupting training to return to active military duty and those discharged after July 25, 1947.

More About Ocean Shore R. R.

(Continued from Page 1)

posit of $2,700 to a larger sum. This deposit is part of the payment (to be decided later by court action) to be paid the rightful owner of the 60 foot strip.

3. Motion for the city council to show reason why it should put down the street over the land.

Delaying Tactics

All of these are but delaying tactics, Wilson asserted, and as far as he can see to date, can in no way hold up for more than a few weeks, or months the actual work on the road.

Behind this jungle of legal terminology is the basic case which is now the center of a $1,000,000 case pending with the state: Does the Ocean Shore Railroad actually own the land it once operated a railroad over, or does it merely have an easement on that land?

The decision on this case will probably decide whether or not Doelger can be legally held for trespassing the strip of land in Westlake (the railroad is asking $375,000 damages because they claim title to the strip which Doelger contends he owns), and how much, and to whom the assessment district for Weston Road will have to pay for putting down the street.

SM COUNTY BUILDING BOOM APPEARS OVER

While Daly City registered its biggest single building boom month in history during September, the rest of San Mateo county hit a slump.

The Department of Labor's Bureau of Labor Statistics announced this week that a 20 per cent drop in housing activity in the Bay Area indicates the end of the building boom in this area.

However, during September there were $2 million of building permits issued in Daly City. Of these, $1,750,000 went to Westlake for the construction of new apartments.

"While the full effect of the recent tightening of federal curbs on housing credit cannot yet be gauged," the department stated, "the controls are almost certain to result in a further curtailment of building in the latter months of the year."

Bay area builders started 2,940 permanent non dwelling units in August compared with 3,700 in July.

Culinary Critic Pays $27.58 For "$1" Meal

A San Francisco real estate man who spent 18 hours in jail rather than pay $2.58 for a meal he considered worth only $1 failed to convince Judge Wm. J. Sweeney of the meal's worth Friday.

James Conlan, 51, was ordered by Sweeney to pay $2.58 for the meal consumed at Ric's Place, San Pedro road, October 3, and also anti-up $25 for the trouble he caused.

Americo Bollentini who served the meal of a rib steak, complete with soup, salad, spaghetti, two cups of coffee, apple pie and a bottle of wine, said it was the first time in his 14 years of catering that anyone had refused to pay.

"I went in the hole $88 last month because I serve so much, and when this guy ate the dinner and said it was worth only $1 it hurt," Bollentini said.

Institutional on-farm training for veterans, which reached a peak of 362,000 trainees in May 1950, has been declining for the past three months, dropping to 356,000 enrollees on August 30.

the cost of doing business.

"This saving will be figured out carefully to the last cent and then passed on to the customers. Moreover, we would like to stress that it will amount to dollars and cents to them.

"Now we wish to make it perfectly clear that the new system will not inconvenience the buyers in any way, or mean a change in the high grade foodstuffs sold in our market.

"On the contrary, we have gone to considerable expense to make everything easily accessible, and our regular lines of top grade foods will continue to adorn our shelves."

Ray then pointed out that he would like to say a word about deliveries. Knowing that many mothers can not at times get away for shopping, he has arranged to deliver all large orders, he said. Ray added that he hopes anyone with a delivery problem will inquire about details.

In closing, he asserted that from now on he will have an ad in the Daly City Record weekly, announcing a number of money saving specials.

Drive-In-Theatre Planned For Blvd.

Plans for a new drive-in theatre on Junipero Serra boulevard were revealed last week at the regular meeting of the San Mateo county planning commission.

The commission recommended to the board of supervisors that a building permit be issued for the theatre. Site for the new movie is on the west side of Junipero Serra boulevard, about 600 feet south of Junipero Serra hospital. It will be located between the old San Pedro and new San Pedro roads.

Jack Levin, real estate man, filed for the permit. The site is presently owned by Madeline Zanone.

No information was available at this time concerning the size of the drive-in, or the firm which is contemplating construction.

Legend has it that one who drinks of the waters of the famed Hassayampa River in Arizona will "never tell the truth again."

very few went home without a cake, a lovely doll, ham or peanuts, candy or something. Many Daly City mothers will be sweeping out stuff for a few days, as no child was allowed to leave without a gift of some kind.

Those who walked away with the first five big gifts were, in order of importance: Ida Beecher, 100 Los Olivos; R. Francesconi, 1139 Brunswick; J. Falconi, 7201 Mission; Ernest Hartl, 526 Bellevue and Mary McGlynn, 109 Santa Cruz.

City Officials To Attend Meeting

"Out of Town" will be the sign posted on city hall Saturday thru Wednesday, as city officials attend the Fifty-second Annual League of California Cities convention in Los Angeles.

Attending the important meeting will be Mayor Paul Green, Councilmen Fred Bertetta, A. J. Gaggero, Jim Kennedy and City Administrator Orrin Wendling.

Purpose of the conclave will be to discuss the common problems confronting the cities of California. Every major community of the state will be represented at the conference, Wendling noted.

Leaving Daly City Saturday, the officials will not return until Thursday. This has necessitated putting off the regular city council meeting Monday until the following Monday, October 30.

EAGLES BARN DANCE SLATED FOR SATURDAY

Eagles and their invited guests go country style tomorrow night, October 21, in their annual old-fashioned barn dance at Eagles Hall, 3342 San Jose avenue.

Purpose of the dance, which is sponsored by Colma - Vista Grande Aerie No. 1848, F.O.E., is to raise money for the Damon Runyon Cancer Fund.

People who attend without "appropriate costumes" will be "subject to heavy fine," according to Tom Rae, Eagle secretary.

Those unable to attend the barn dance who wish to contribute to the Cancer Fund are urged to send or bring their offerings to Tom Rae, 6272 Mission street.

Eagle groups throughout the country currently are holding similar dances for the fund.

St. Finn Barr's Church To Hold Card Party

The annual fall card party for the benefit of St. Finn Barr's Church will be held next Friday night, October 27, according to Mrs. Joseph P. Mouille, chairman.

Starting time is 8:30 in the church auditorium, Hearst avenue and Edna street.

CASH FOR YOUR HOME

Regardless of condition or age of your home, we'll pay spot cash for it now! If you've considered selling, you'd better act now, while values are at their peak.

Want to cut hauling costs?

It's a cinch to do so with a

Studebaker truck

A NEW kind of Studebaker truck engineering assures substantial daily operating savings!

A new kind of structural strength keeps Studebaker trucks remarkably free from the need for repairs!

How true this is—and how big the economies are—you can find out by talking to any Studebaker truck owner.

Stop in and let us give you the names of some owners to see.

Studebaker trucks come in a full range of sizes and wheelbases. Streamlined ½-ton, ¾-ton and 1-ton models. Also powerful 1½-ton and 2-ton trucks in four wheelbases. Two great Studebaker engines.

WESTLAKE WHIRL

by Marian Christians PLaza 5-0946

This week Westlake has two new additions to the list of future students for its new school.

On September 26, Mr. and Mrs. John Robert Throne of 138 Westlake avenue welcomed a new daughter, Betty Ann, at Mary's Help Hospital. Betty Ann weighed 6 pounds 10 ounces and has a brother, Bill, who is 3½.

The most recent arrival is Joseph John Manchaini Jr., who also was born at Mary's Help on October 7. Joseph weighed 7 pounds 14½ ounces. He lives at 25 Lake Forest drive and has a sister, Annette, 2½.

How are those commute and school bus shelters coming along? It was pretty damp around Westlake Tuesday morning.

Westlake residents are going all out to make this year's Hallowe'en an exciting affair for their youngsters. Committee people have put the finishing touches on plans for a community party on the night of October 31.

A "witching hour" parade will start at 7 o'clock at Fieldcrest and Westlawn and will proceed down Westlawn to Cliffside, from Cliffside to Westdale, up Westdale to Fieldcrest, and back Fieldcrest to Westlawn.

After the parde, the procession will gather at a large tent on the school site at Westlawn and Fieldcrest where prizes will be given each youngster and refreshments will be served. The kiddies don't have to wear elaborate costumes to get in on the prizes and the ice cream, chocolate milk, candy and cookies.

Mothers in each block will be asked to donate a dozen cookies each which should prevent the possibilities of "trick or treating." Golden State Company will donate the ice cream.

Co-chairmen Harry Bosbery and Irwin Pod are in charge of all arrangements.

David Bosbery, son of Margaret and Harry Bosbery of 126 Westlawn, is back in school again after a two-week absence.

He recently suffered a brain concussion when he was thrown from his bicycle to the pavement. Six stitches were needed to close the wound on his forehead and he spent one week in the hospital and another week at home recuperating.

Mildred Cabrol of 245 Wilshire is nursing injuries she received in a boating accident at Pinecrest recently on a vacation trip. Mrs. Cabrol broke her ankle when she fell off a motor boat and was truck by the craft's propeller. Her husband George was riding behind her boat on water skis and made the rescue.

Social Security

Perhaps in the past you have said, or have heard someone say: "John H. was a corporation official with an upper-brackets salary. Now he's retired and getting social security benefit payments monthly. I have my own business and make a modest income. When I retire, my income stops. I don't come under social security."

That statement, made before the President signed the amended Social Security Act, would have been wholly true. However, under the new law, and beginning in January 1951, you may have social security protection.

The self-employed — people who work for themselves, approximately 5,000 in this area, may begin building toward old-age and survivors insurance on the first of the year. They, like the salaried worker, may get monthly insurance payments when they retire; their families may get survivors' insurance if the self-employed worker should die.

The self-employed person will be covered by social security if his net earnings are at least $400 in a year. He will be given a quarter of coverage for each $100 of his yearly earnings but not more than four quarters of coverage can be credited to any one year.

The self-employed person (who is in effect both employee and employer) will pay a social security tax of 2¼% of his net earnings where the amount is $400 or more in a year, beginning with his net earnings for 1951. He will not pay on earnings of over $3,600 a year. His first report for social security purposes of his income tax return filed on January 1 or March 15, 1952.

This report of his net earnings over $400 and up to $3,600 will include any profit from his business operations (as sole owner or partner) but will not include from such nonbusiness sources as rentals from real estate, unless he is a real estate dealer, or dividends or interest from stocks or bonds, unless he is in the business of securities exchange. Capital gains and losses, and income from an estate or trust will not be considered as earnings for social security purposes.

The kinds of trades and business enterprises in which self-employment will count toward old-age and survivors insurance benefits are varied. As sole owner or partner, you may operate a store, a beauty parlor or a filling station. You may have a barber shop, a tavern, or operate your own taxi. You may be self-employed in your own manufacturing plant, or you may have a shoeshine stand. The size of your business is not a consideration. Again, you may be a free-lance writer, artist, sign painter or independent contractor.

To determine more quickly whether your self - employment work will come under social security in January, scan the following list of excluded professions and business operations. Your earnings will not be covered by the law if they come from self-employment as a physician, dentist, osteopath, chiropractor, optometrist, naturopath, Christian Science practitioner, veterinarian, funeral director, lawyer, as a certified, licensed, registered or full-time practicing accountant, or as a professional engineer or architect. Farm operators also, are not covered by social security.

In my next article I shall discuss the household employee, the second largest group to become eligible for old-age and survivors insurance benefits under the new social security law.

California has made more progress in handling its forestry problems since 1944 than in the preceding quarter-century.

James Roosevelt To Appear In SM County Thursday

San Mateo County Democratic activities will reach a high point this week with the only pre-election appearance here of James Roosevelt scheduled for a luncheon to be held at the Chukker restaurant, Twentieth avenue and El Camino Real, on Thursday.

Roosevelt is expected to outline his proposed reforms of present state administrative policies with particular emphasis on activities of the Public Utilities Commission.

The Lady and the Lolly-Pop

Once there was a proud father, who had a little girl. And he loved his little girl a great deal.

As he trudged home from work one day he thought of all the things he would like to give her—things that would make her very happy.

But he wasn't a rich father. Until payday all he could afford was a lolly-pop.

As she licked her lolly-pop she smiled at him—and he smiled, too. She was very happy. And he was glad he had given her a lolly-pop!

The next Sunday he took his little girl to Sunday School ... and he and Mother began attending Church.

Years later, when his little girl had become a "lady", she smiled at him one day—and he smiled, too. She was very happy. And he was glad he had given her more than lolly-pops! He had given her the finest gift of all—faith in God's love.

THE CHURCH: FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Judge it on RIDING EASE ... DRIVING EASE

Your Best Buy—by All Odds

It rides more smoothly

You'll *glide* smoothly, steadily, safely over most roads in Chevrolet—only low-priced car combining the Unitized Knee-Action Ride and airplane-type shock absorbers.

It operates more economically

You'll enjoy extra-fine performance and *save money*, too; for Chevrolet is the only low-priced car with a Valve-in-Head engine—trend setter for the industry.

It's better looking—all around

You'll know it's *more beautiful* from every angle, inside and out; for Chevrolet is the *only* low-priced car with Body by Fisher—the standard of styling.

It drives more easily

You'll enjoy *finest no-shift driving* at lowest cost with Chevrolet's famous Powerglide Automatic Transmission* . . . or *finest standard driving* at lowest cost with Chevrolet's Silent Synchro-Mesh Transmission.

It lasts longer, too

Chevrolet is built to *outlast* other cars. That's one reason why there are *over a million more Chevrolets* on the road than any other make—and why Chevrolet is America's most popular car, year after year. Come in—see it now!

It offers more for less—throughout

Think! Center-Point Steering; Curved Windshield with Panoramic Visibility; Fisher Unisteel Construction; hydraulic brakes with Dubl-Life rivetless linings. You get all these and many other features in Chevrolet *at lowest cost.*

*Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

AMERICA'S BEST SELLER! CHEVROLET AMERICA'S BEST BUY!

RESIDENTS ANSWER CALL FOR BOOKS FOR VETS

Captain W. R. Murray (left) is evidently pleased at the fine response of local residents who donated books for hospitalized Korean veterans. Two weeks ago the Daly City Record made the request for books, and two days later the office was flooded with volumes. Capt. Murray will put the books on the hospital ship he commands, and they will be read by Korean vets on the way back to the states for treatment of their wounds. Harold P. Bradshaw (center), Daly City Record publisher, and Bill Degliantoni look on. (Photo by Myra)

Rehearsals of "Stage Door" Now In Progress At Jefferson High School

The stage-struck girls, whose world is an hilarious, and frequently touching one of heartbreak and overnight success and indomitable aspiration, will be taking over the stage of the Jefferson Union High school auditorium in a production of George S. Kaufman and Edna Ferber's Broadway laugh hit, "Stage Door."

It is now in rehearsal and will be presented on November 17. This is the play about the eager young ladies who share rooms in a theatrical boarding house in New York's West Fifties, called the Footlights Club, and who share also a devotion to the theatre and a determination to make good in it.

Under the direction of Miss Eunice Seaton, Mary Lou Morris will be seen in the role of Terry Randall, who comes to New York to make the rounds of manager's offices in search of a stage job. Spurning Hollywood offers, watching her friends succumb to one failure and another, working at whatever jobs she can find, Terry is steadfast in her loyalty to the theatre until, finally, her fight is won and she gets the right part in the right play that will establish her as an artist of the theatre.

Keith Burgess, to be played by Ken Willbanks, is a high-minded playwright, who trades his idealism for a hack's berth in Hollywood. Jean Maitland, who will be portrayed by Cecelia Sullivan, succumbs to a lush movie offer before she learns to act. There is a tragic end for the sensitive Kaye Hamilton, to be played by Elissa Marquez, and the curious and talkative Bernice will be acted by Virda Walker.

Al Johnson will be seen as David Kingsley, the movie producer who helps Terry Randall get her big acting opportunity, while Lorraine Cady will portray Mrs. Orcutt, the matron of the Footlights Club who delights in recalling her own "great" days on the stage.

Other roles in Jefferson High's presentation of "Stage Door" on November 17, have been assigned to Marcia Golden, Joan Breckon, Nancy Banfield, Beverly Bendinelli, Gayle Broome, Ario Gregori, Don Benando and Chuck Bublack.

Crocker PTA Plans Bazaar, Taffy Sale, Apron Luncheon, Whist And Other Events

The Crocker PTA held its regular monthly meeting last Tuesday, October 10, in the newly decorated Crocker school library.

Of prime importance on the business agenda was the discussion of money-raising events for the forthcoming year. The annual bazaar was discussed with great interest, and many plans were made to insure its success.

Another project for aiding in balancing the budget was a taffy-apple sale to the school children to be handled by the newly organized room representatives. Mrs. LaVerne Atteibury is chairman of the group. They are very active in the coordination of home and school activities.

The program for the meeting was presented by Mrs. James Snell, who capably handles the Parent Education chairmanship for the group.

Refreshments were served at the close of the meeting.

Board Meeting

The Seventeenth District executive board meeting will be held at the Sequoia High school in Redwood City October 19. The meeting will be of great importance to the several units of the district, and Mrs. Carl Berg, president of the Crocker PTA, will attend with Mrs. E. Trotter, co-chairman of the room representatives.

The forthcoming week will be a busy one for the many interested members and friends of the Crocker PTA. At the home of Mrs. Mary Wakefield, 475 Evergreen, there will be an "apron" luncheon. All members and friends are invited to attend, a lovely luncheon will be served and an apron is the only price of admission. This is part of the money-raising activity of the group, and one that everyone enjoys.

Busy Week

If you would like to eat your luncheon in pleasant company and enjoy meeting your friends and associates, call Mrs. Wakefield, DElaware 3-1939, and tell her you are coming. The luncheon will be served at noon.

Whist Party

Whist, the very popular card game, is going the rounds via telephone next Tuesday evening, October 24, at 8 p.m. This is surely something that everyone can enjoy, and there will be plenty of tables and prizes. Anyone wishing to play may call Mrs. Berg at PLaza 5-1657, and she will tell you where you may play.

Tables will be at the home of Mrs. Eve Hobbs, Mrs. Betty Kohlbrenner, Mrs. Edra Trotter and Mrs. James Jordan.

Everyone Invited To Attend Western Fun And Frolic Show Here Sunday

Hopalong Cassidy won't be there, but just about everything centering around the old West will be seen at the Junior Fun and Frolic Show in Daly City this Sunday.

The show, starring participants 16 and under, is to be held at Seaton's Roping field, just behind the Silver Saddle cafe on Skyline boulevard.

Featured in the fun fest will be the usual variety of western tricks and stunts associated with the traditional rodeos and horse shows. The celebration will get underway at 12:30 p.m. with the grand entry of the participants both two and four legged.

Admission Free

Sponsored by the San Francisco Horsemen's Association, the event is being held primarily to entertain some 50 children of the St. Joseph's Orphanage. Not only will the kids see the show, but they will be given all the free ice cream, hot dogs and cake they can eat.

All others, whether they be six or sixty, are invited to attend. Admission is free.

Among the many acts will be trick horses, calf riding, stock horses, and a special featured act.

Harold Herman is chairman of the program, assisted by Ralph Silva.

Job's Daughters To Meet Friday

Job's Daughters of Daly City, Bethel 198, will hold a regular meeting tonight, October 20, in the Masonic Hall, 17 Hillcrest Drive, at 7 p. m.

A Halloween dance for members only will feature the evening's entertainment. The dance is in honor of the South San Francisco and Mission chapters of the Order of DeMolay.

Bethel 118 will present a "Silver Tea and Fashion Show" tomorrow at the Masonic Hall from 2 to 4 for the benefit of Job's Daughters State Educational fund.

Proceeds from the annual affair are given to the fund which provides scholarships for worthy Job's Daughters and also educational loans to students.

The public is invited to attend the program and refreshments will be served. A small admission charge will be asked.

Next Tuesday the regular monthly meeting of the Mothers Club of Bethel 198 is scheduled at the "Bird House", 1068 Huron, with a 12:30 starting time.

Lady Salts Hold Successful Fete

"Very successful" was the phrase applied to a game party and bazaar of the Ladies Auxiliary Fleet Reserve Association Unit 48, last Friday in the War Memorial Building.

Proceeds of the party and bazaar will go to needy families at Christmas time, Mrs. Dorothy Sheas, chairlady, reports.

Five Unit 48 members were delegates to the joint-national convention of LAFRA last month in Long Beach.

Attending the confab were President Virginia Bell, Mary Ehlinger, Ruth Bishop, Marge Cowart and Leo LaBelle.

The history book of Unit 48 won high honors.

The next auxiliary meeting is to be held Tuesday evening, November 7 in the War Memorial Building, Room 308.

Ladder Burglars Make $600 Haul

A 10 foot ladder, a steel bar, and about 15 minutes work netted burglars $600 from the New Colma Cafe, 7379 Mission stret, Wednesday evening, police report.

Joseph Picardo, manager of the restaurant, opened his establishment yesterday morning to find $100 had been lifted from the cash register and $500 taken from a desk drawer in a small warehouse off the main dining room.

Police concluded that the burglars got into the restaurant by using a 10 foot ladder to climb to a small window facing on the rear alley. Breaking the window, the thugs opened it and dropped to a small table inside the restaurant.

Once inside, they used an iron bar to pry open the cash register and to open the door of the warehouse where the $500 was kept.

The money in their pockets, the thieves beat a hasty retreat by slipping out the back door of the restaurant.

The 44,000-acre Fremont Grant in Mariposa county was purchased prior to 1849 for $3,000,000 and sold in 1873 for $6,000,000.

SOCIETY

Daly City Sportswomen Give Surprise Shower For Lady-In-Waiting

By Mrs. E. K. Whinnen

On Friday, the 13th (wow! what a day for a shower) the Daly City Sportswomen gave a surprise stork shower for Marge Lynch, who is a new member of the Sportswomen.

It certainly was a surprise too. The Sportswomen, and some friends of Marge, were waiting upstairs as quiet as mice, when Marge and Frances, who had enticed her on a shopping trip, entered the hall below, and Marge started holding forth about the arrangement of potted plants in the hall. The conversation came clearly up the stairwell and it became more and more difficult to keep from giggling. After the arrangement of the plants had been settled orally, Marge and Frances came up the stairs. Marge turned toward the living room to be greeted by a spontaneous shout of "Surprise." You could have knocked her over with a feather, as the saying goes, she was that surprised.

After the excitement quieted down, card tables were set up and several hands of cards were played. Then refreshments of home made cakes and icecream, with coffee, were served, and after that the pretty packages were opened and contents admired. It was observed that yellow is quite a popular color for babies this year. Seems a little odd too, after the blues and pinks of the last years, but guess we'll get used to it.

Marge got many nice presents, and only ONE bottle holder. It will be remembered that at the shower for Laurien Fox there were three bottle holders.

Laurien Fox couldn't be with us, as she is only shortly out of the hospital herself with her own baby boy. However, we all felt that she was with us in spirit, and to prove it, she sent along a present for the expected baby.

LUTHERAN CHURCH WELCOMES PASTOR

Members and friends of the Lutheran Church of Our Savior are very happy to welcome home the Rev. Robert G. Konzelman, B.D., and his family.

They have been in Indiana, Illinois and Ohio, visiting relatives, attending church conventions and visiting the pastor's former parish. The Rev. Konzelman will occupy his pulpit this Sunday at the 11 a.m. divine worship services.

The children of the Sunday school and bible classes will also be happy to see their pastor after being gone four Sundays.

DC Super Service To Treat Kids

Children practicing "trick or treat" Halloween evening are bound to make a good haul if they drop into the Daly City Super Service Station, 3356 San Jose avenue.

Joe Lewkowitz, friendly owner of the station, said he will give every boy and girl a generous amount of candy and other treats if they come by his station October 31.

Any time from 7 to 9 o'clock Halloween evening, Joe will be on hand to give the kids a real fist full of "goodies."

Remember, Joe's station is at the "top of the hill," just west of the Bank of America.

Operatic Soprano To Sing At Baptist Services Sunday

Miss Helen Glover, operatic lyric soprano singer, member of the San Francisco Opera Association, 1950 season, will sing two sacred numbers next Sunday morning at the 11 o'clock worship service of the Westlake Community Baptist Church, meeting temporarily at the Serra Theatre, 87th and Junipero Serra boulevard, Colma.

Miss Glover has appeared professionally in many leading soprano roles with opera companies touring the opera loving cities of America, and those present will enjoy once again hearing her lovely soprano voice. The public is invited to attend this lovely service where they shall also hear the students of the San Francisco Baptist College bring a special number in sacred song.

The members of the newly organized Westlake Community Baptist Church, Daly City, came out en masse last Friday night for their first organizational meeting. Enthusiasm was very much in evidence as 51 charter members heard Dr. Earle Smith, executive secretary of the Baptist Bay Cities Union, express a word of greeting and promise immediate assistance in erecting the new church building. Tweny-five additional members could not be present Friday night, but indicated their desire to be included in the charter membership.

Rev. Roy L. Milam, minist of the new church, was greatly encouraged at the large attendance for the first worship service, held in the home of Mr. and Mrs. Tom Smail, 37 Cliffside drive, Westlake, Daly City. The large group that attended was sufficient evidence that the need was great for larger seating accommodations. A large crowd is expected next Sunday morning to hear the lovely voice of Miss Glover.

St. Michael's Church Plans Fete

Ground breaking festivities for the new St. Michael's Church parochial school will be held October 27 and 29, it was learned today.

The modern school is to be built behind the church at 32 Broad street, San Francisco, and is expected to serve many residents of the greater Daly City area.

Purpose of the three day fete will be to raise funds to carry on the construction of the school. The celebration is under the direction of John Carroll and Yolanda Bernardi.

"We can promise that this celebration will rival anything of its kind in the Bay Area," Carroll said today.

Further information on the three day fete will be published in next week's Daly City Record.

As of August 30, only 373,581 of the more than 7,000,000 veterans who have trained so far under the GI Bill had exhausted their entitlement to further training.

Cub Pack No. 36 To Be Represented At Scout Show

Cub Pack 36 will be represented at the Lake Merced District scout show by two members from each den. The show will be held at Balboa high school on November 10.

Parents and brothers and sisters of cubs and scouts are invited to attend. Each troop and pack will be allowed about five minutes to it on some form of entertainm .t. Troop 40 and Pack 36, who are working together on their presentation, held a rehearsal at Commodore Sloat school on Friday, the 13th.

The year is starting off with a bang! So many activities! On November 4 the boys will be treated to the Stanford-U.S.C. football game, at Stanford stadium. The boys will go in busses provided by the Pack and admission is free. Parents may go with the cubs, but must pay for their own tickets. However, space will be reserved for all parents who wish to accompany their sons.

The next Pack meeting will be ruled by the spirit of Hallowe'en. Cubs in costumes of every description will hold forth. It will take some doing, though, to better last year's turnout and costumes. There will be door prizes and costume prizes galore. This is your day, Cubs, have fun.

The last meeting of the Pack was a very full one too, with awards being presented and roll call held. A pep talk on baseball, and efforts to coordinate den meetings with baseball practice schedules, so that more cubs could come out for practice was the main theme of the talk. The half day session in some of the schools is another thing making it difficult to get a satisfactory turnout. However, with the capable leaders and Den Mothers working on it, it is hoped a satisfactory solution will be worked out soon.

The skit, "Side Show," put on by Den 12, was received with enthusiasm and drew a lot of laughs. A side show "barker" introduced and interviewed a fat man, who was really fat with many feather pillows, a strong man, who accomplished the wonderous feat of lifting two baloons tied to the ends of a stick, and a wild man from Borneo, who practically ate the "barker" he was so ferocious. Oh yes, there was a snake charmer too. What side show would be complete without a snake charmer?

Den 2, Den-mothered by Mrs. Miller, displayed handicraft made by the den.

Mrs. Chess To Head Warren Committee

Mrs. T. Louis Chess, a long-time resident of San Mateo Park, has accepted an appointment as head of the county-wide women's division of the Warren for governor Co-ordinating committee, according to U. S. Simonds Jr. and J. Howard Walzer, co-chairmen of the committee.

Mrs. Chess is well known nationally, as well as locally, for her many activities in veterans auxiliary groups. For many years she has been a leader in civic and community affairs.

Mrs. Chess said, "I am organizing women in all the communities of the county to work for Warren's re-election. We must make sure that everyone realizes the importance of retaining our good governor, Earl Warren, in office."

Local chairmen who are already at work are Mrs. Merritt R. Hosmer of San Carlos, Mrs. Juanita Burgess of Brisbane, Mrs. Dawn Andrews of South San Francisco, Mrs. Bea Severn of Atherton and Menlo Park, Mrs. Frank Horigan (Dem.) and Mrs. Oscar R. Thayer (Rep.) of Burlingame, Mrs. Jean Bruggee of Broadmoor, and Mrs. Adrian J. Schoorl of Belmont. Chairmen for women's committees in other communities will be named by Mrs. Chess later in the week.

Joseph Westkamper

Requiem High mass was celebrated at Our Lady of Perpetual Help church Thursday morning for Joseph Westkamper, pioneer Daly City resident.

Westkamper died at Boulder Creek October 16. He was a member of the Machinists Union No. 68 and Colma Vista Grande Aerie No. 1848, FOE.

He is survived by his widow, Mrs. Mary Westkamper; two brothers J. J. Westkamper and A. Westkamper, and a sister Mrs. T. J. Coyle of Sacramento.

Funeral services were held at the W. C. Lasswell Mortuary on Thursday and thence to the OLPH church. Interment was at Holy Cross cemetery.

Garden Village School Parents To Organize P. T. A. October 25th

All Broadmoor residents interested in organizing a Garden Village PTA are asked to be present at a meeting at the Broadmoor Community Center October 25 at 8 p.m.

Purpose of the meeting will be to form the new PTA, and to elect officers.

Representatives of the Seventh District PTA will be present to instruct the new officers and members as to necessary procedure.

The organizational meeting culminates several weeks of work by a group of Broadmoor women interested in forming a PTA for the Garden Village school.

The new PTA has been endorsed by James Snell, superintendent of schools, and other officials, a spokesman for the Broadmoor group said.

She asserted it was also possible for a parent to belong to two PTAs, thus there will be no conflict with present membership in Daly City associations.

Ocean View Church To Hold Bazaar

A bazaar on the international theme will highlight the month of November for members and friends of the Ocean View Congregational Community church.

The bazaar will be held at the church, 144 Broad street, San Francisco, from November 3 to 4. Chairman for the annual affair is Mrs. Wendell J. Groves.

Booths, arranged in the manner of a county fair, will carry out the international theme at the church. In addition to many items for purchase, there will be a luncheon November 3 and a dinner November 4. Also an evening of full entertainment is planned for Saturday.

Watch the Daly City Record for further developments in the bazaar.

Legion To Hold Halloween Party

Hallowe'en fun for all will be provided by American Legion Daly City Post 410 Saturday night, October 28, when a Box Social and Hallowe'en party will be held at the Legion hall, 474 San Diego avenue.

Prizes, eating delicacies, dancing and entertainment will be offered the general public. Starting time is 7 p.m.

People are invited to dress in Hallowe'en costumes with awards to be given for "the best and funniest," according to Mrs. Peter Bordson, chairman for the affair.

Legion ladies will each make up a box of "goodies" for two, with coffee, sugar and cream to be supplied by the Post.

Modern and folk dancing will follow the dinner.

Kenneth Sandvick will play his accordion at the affair.

The Legion club room will be open throughout the evening.

Women Of Moose To Feature Show

"Christmas in October," an annual event, will feature a meeting of the Women of the Moose, San Francisco Chapter No. 739 Thursday night, October 26, at the IOOF Hall.

"Christmas in October" is a special drive to gather toys, books and games to send to children at Mooseheart, the Child City at Christmas time.

Mooseheart is the home provided for children of deceased Moose members. These children are cared for and educated from infancy through high school. Even college assistance is furnished if desired.

In addition, a large class of new members will be initiated at Thursday's meeting, according to Mrs. Harold E. Hubbard, Women of the Moose publicity chairman.

Starting time is 8:15 with Senior Regent Clotilde Guerrazzi presiding.

Pioneer DC Man Killed By Train

A long time Daly City resident, Charles Anderson, 72, San Bruno, was killed in a train accident Tuesday afternoon.

Anderson stepped from a passenger shelter north of San Mateo avenue in the path of a southbound train at 3:30 p. m. Although police called his death accidental, today they are investigating the possibility of suicide.

Stepped on Track

Witnesses said Anderson stepped onto the track, apparently hesitated a moment looking toward the onrushing train, then took another step forward and was struck.

He was taken to South San Francisco Hospital with severe head injuries and died about 6 p. m. Funeral services are pending.

Contractor Here

Anderson lived for many years in Daly City and was in business as a building contractor.

Survivors include two daughters, Mrs. Charles Payne, 777 Easton avenue, San Bruno, and Mrs. James H. Frisbie, 547 Elm street, San Bruno; and a brother, O. J. Parker, 563 Vista Grande, Daly City.

Mrs. L. H. Henry

Mrs. Tillie M. Henry, 72, widow of the late George F. Henry of Daly City, died last Friday in Phoenix, Arizona, after a long illness.

Mrs. Henry had resided in Phoenix the past five years with her sister, Mary E. Sackman.

She was a former member of the Crocker Chapter No. 382, Order of the Eastern Star.

Funeral services for Mrs. Henry were held Sunday in Phoenix.

Jeff High PTA To Hold Bazaar Here November 10

The Jefferson High School PTA will hold a bazaar on November 10 at Masonic Lodge in Daly City, Mrs. Milton Jensen, president, announced at a recent evening meeting of the unit's PTA.

The Brisbane PTA Glee Club sang a quartet of songs, with their rendition of "Dry Bones" appearing to be top favorite with the audience. Frank King, director, announced the forthcoming Brisbane PTA minstrel show, "Plantation Days," which will be presented in the high school auditorium on November 4 at 8 p.m.

Two students of King Stevens, music teacher, sang several selections and a trio of dramatic students of Miss Eunice Seaton presented a sketch from "Lady Windemere's Fan" and a monologue.

Introducing the faculty members was Stanford Hanna, superintendent. Among the special guests who were introduced by Mrs. Jensen were Mrs. Roy Edwards, president of Brisbane PTA, and Mrs. Grace Hill, president of Woodrow Wilson's unit.

The treasurer's report was read by Mrs. Florence Hopman, and the character thought by Mrs. Hilda Heagney. Mrs. Edwards led the salute to the flag. In charge of the program was Mrs. Grace Hill.

A social hour followed the meeting and refreshments were served in the auditorium.

Surprise Birthday Party Given Auxiliary Members

Surprised birthday greetings and a cake for four auxiliary members highlighted Old Glory Post 2044's Pot-luck dinner at Little Italy Hall last Friday.

Marie Gehrig presented a cake honoring the birthdays of Mary Roberts, Catherine McKeown, Alex Albertus and President Marjorie Johnson. All their birthdays came last week.

Mary Roberts entertained with the song, "In a Cottage Small." A member of Tanforan-Burlingame Post 2517 showed colored movies of Hawaii. Dancing and games concluded the evening's activities.

Letter to the Editor

GI Thanks Record For Free Subscription

(Editor's Note: The Daly City Record will be sent free of charge to any Daly City man now in the armed services. If you wish to send the Record to a G-I, merely call the Daly City Record office, PLaza 5-4321, or drop into the office at 3317 San Jose avenue.)

Dear Sir:

My son Harold Hockett writes that he receives the Daly City Record which you are sending him free.

He sure enjoys getting it, but it was first sent to him while he was in an air base in Texas near San Antonio, and he since has moved.

He is now stationed at the Kirtland Air Force base, New Mexico. He expects to be at this place for a long time, maybe two years. He likes it very much, and is very happy there. He may get home for a day or two next month.

I want to thank you for sending him the Daly City Record. It is a nice little home town paper. He is thankful for it too.

Mrs. Mabel R. Hockett
1056 Brunswick street

Words Of Thanks From SM County Fair Assn.

Dear Mr. Bradshaw:

May we take this opportunity to express our appreciation of your kind cooperation in the publicity afforded us in connection with our 1950 Fair and Floral Fiesta. Though our Fair closed some three weeks ago, this note is none the less sincere.

We shall look forward to your continued cooperation.

Sincerely,

William H. Wilson
Manager

JC Faculty Members Meet For Conference

An estimated 300 junior college faculty members met together for an educational conference last Saturday on the Coyote Point campus of San Mateo Junior College.

The all-day session dealt with the part the junior colleges can play in advancing general education. Similar meetings are being held throughout the state in a unified study.

OFF THE RECORD

By Roy Hurlbert

PAL Puzzle

Around and around she goes and where it stops nobody knows.

So goes the Peninsula Athletic League football race.

Three weeks ago when the thing got started it was anybody's guess in the matter of picking a winner. It's still that way now.

By virtue of their two straight wins, Palo Alto's Vikings and the San Mateo Bearcats loom as the teams to beat.

The Vikings opened with a 25-12 lacing of South City and last week all but shoved newcomer Willow Glen right out of the loop with a 44-0 black eye.

The Bearcats started the Willow Glen Rams to ruin earlier, 33-6, and made it two for two with a thrilling 25-19 conquest of South City's Warriors, Friday.

Comparing scores against similar opponents, it's pretty hard to draw any conclusions. On paper, the Vikings and Bearcats look even.

Then consider any one of four more possible contenders for the 1950 championship.

Coach Lee Cox's Lincoln Lions announced their candidacy with a roaring 23-0 count over a fumbling Burlingame eleven. Previously, Coach Elmer Schaake's Panthers edged San Jose's defending titlists, 19-13. San Jose appears strong again and should be up there at the finish. And if Burlingame learns to hold onto the pigskin, they will win their share.

Jefferson fits in the puzzle somewhere with these aforementioned dark horses. Head man South has a hustling though "thin" crew that could be a real spoiler. That's if the road work doesn't get 'em down. After today's clash with San Jose, the Jeffs visit Burlingame and Willow Glen in that order. But don't forget the Indians engage the tough ones at home. Beginning November 10 the Tribe puts out the carpet to San Mateo, Paly, South City and Lincoln, on successive Fridays. And never rule out that home field advantage, especially when your squad already has compiled a reputation as a title threat.

South City's two defeats hurt their hopes for the front ranks, but the Warriors were only a few strides behind their conquerors, Palo Alto and San Mateo.

Sequoia and spanking new Willow Glen have quantity but quality is slow in developing. Sequoia appears most likely to improve some as their stand against San Jose indicates.

Neighborhood Joe

Daly City folks have a celebrity in their midst, but few know of it. Out in Westlake at 118 Wilshire avenue there resides a little gent with a big following.

He's diminutive Joe Verducci, present football coach at San Francisco State College. The California alumnus and former Golden Bear quarterback of the mid-'30's currently is occupied with the business of guiding the Gaters through one of their most successful football seasons in the school's history.

At the moment, S.F. State has annexed two out of three grid contests. They scored 20 points against Whittier College last week in a non-conference game, but the visitors from down south tallied 41 and that was that. Considering the fact that Whittier plays in a league of superior caliber and almost the same Whittier aggregation humiliated the Gaters 60-0 last fall, it is easily seen that Verducci is earning his pay.

San Francisco State thumped Cal Tech, 35-7, and out-distanced Southern Oregon, 39-21, the latter a league game, in their other appearances.

The Gaters are heavy favorites to wrap up the Far East Conference title this year under boss Verducci. Tonight they continue in that direction and with that purpose against Humboldt State at Cox Field on the Lake Merced campus.

Verdooch has one of the speediest backfields in this area, college or otherwise. His T formation Gaters are directed by little Sam DeVito, former Galileo High and Marin J.C. quarterback. Slinging Sammy's backfield pals, halves Rudy Smith and Bobby Keropian and fullback Walt Jordan are all on the smallish side, but they have the swiftness of track dash men.

Verducci's line is manned by several well-known prep athletes. Foremost of these are two erstwhile City College tackles, Neil Gunn and Paul Olivier. This pair paced Coach Grover Klemmer's unbeaten Ram powerhouse of 1948 along with incomparable Ollie Matson. Other ex-City College players going for Verducci are Morrie Koch, center, and two former Mission High footballers, ends Elmer Gallegos and Dick Payne.

Many fine prospects turned up at State when Verducci first arrived this spring. Li'l Joe saw security and relief from alumni pressure at Gaterville and made the transfer from St. Mary's.

He directed the gridiron destinies of the Galloping Gaels of Moraga in '48 and '49. Unfortunately, the Gaels slowed down to a mild trot when Verducci went there from Poly High. His outmanned St. Mary's teams finished with mediocre season marks of 4-6 and 3-6-1.

Verducci likes his new surroundings and the Gaters like him. Confidence in his ability is being rewarded these days, too, for the Gaters have quite a football club.

Remember Jack?

Graduates of Jefferson Union High and followers of P.A.L. athletics will remember the name of Jack Faulk, one of Jeff's finest football players.

Faulk was graduated from San Jose State college last June and currently is teaching at San Jose High School in the physical education department. On the side, Jack is line coach of the San Jose State freshmen.

In the football world, Faulk has had a remarkable career. He played for Jefferson from 1939-1942, making the All-PAL two years as a tackle. After three years in the army as a Pfc., Faulk enrolled at San Jose State. As a freshman Jack earned a starting berth at tackle and went on to establish an all-time Spartan record.

In four years of varsity competition he started more games than any other Spartan in history. He started 43 of 48 games played in those four years. Injuries kept him from starting four of the five he missed and in the other game he played 58 minutes. He was Spartan co-captain last year with Harley Dow, first-string tackle with the Forty-niners.

He was chosen as tackle on the Little All-Coast squad and for three years made either the first or second All-CCAA team.

Although he was approached by professional scouts in 1948, Faulk is not interested in playing pro football. He played briefly for the semi-pro San Jose Packers this fall but gave it up for other interests.

These include his wife Virginia and his two-month-old son Steven.

WATERFOWL HUNTING COMMENCES TODAY THROUGHOUT STATE

An estimated 175,000 duck hunters will load and reload today with the opening of a 44-day 1950 waterfowl hunting season thruout the state.

The first half of a split season ends November 10 with the general California season resuming on December 15 and ending January 5. Along the Colorado River hunting is continuous between November 12 and January 5.

Under regulations set by the U. S. Fish and Wildlife Service, gunners will be limited to a combination daily bag limit and possession limit of six ducks, six geese, 15 mudhens, and 25 mergansers.

Shooting hours, after the noon starter each opening day, are from one-half hour before sunrise to one hour before sunset.

Hunters must purchase a $2 waterfowl hunting stamp from post offices and a state hunting license from the Division of Fish and Game offices or license agencies.

No more than one wood duck, two Canada geese or its sub-species white-fronted geese, or brant may be possessed, according to State regulations.

Automatic loading, use of repeating shotguns capable of holding more than three shells, or use of shotgun plugs which may be removed without disassembling the gun, are prohibited under State law.

Jeff 10's and 20's Are Busy Cagers These Days

Mike Orlich's title contending Jefferson 110's and 120's basketball teams invade Half Moon Bay next Thursday in P.A.L. cage action.

The 10's and 20's faced Burlingame in league play but results weren't available at press time.

The Jefferson quintets divided honors with Lincoln of San Jose last week in their P.A.L. debuts. Dick Trantham tallied 12 points but the 10's lost 28-24. Don Delbon scored 18 points as the 20's evened things with a 43-26 win over the Lion 20's.

Jefferson swept a pair of tilts from the 110's and 120's of San Bruno's Capuchino High School on Monday. Trantham and Delbon again were scoring leaders as the 10's won a 19-15 tussle and the 20's racked up a 33-18 win.

Coach Orlich was to have sent his two lightweight teams against the Balboa 10's and 20's Wednesday in a non-league game.

Sarto AC Splits Twin Bill; Drop First Loop Game

Sarto A.C. split a doubleheader last week, but they did it the wrong way.

The game they won didn't count but the game they lost did, and it was costly.

Playing without the services of three regular outfielders for various reasons, Manager Vic Baher's club dropped its first Golden Gate Park League game, 8-0, to Foster's.

In their second game of the afternoon, Tito Sarto took the mound and hurled a fancy four-hit 5-1 win over the experienced San Francisco Police nine.

Johnny Rubsic worked the losing end of the 8-0 whitewash by Foster's. Poor fielding on the part of his outfielders and a 12-hit assault by the lunchmen were the right combination for the defeat.

Sarto A.C. could muster only four hits over the distance. The setback dropped Baher's team down the Double A loop's ladder with a 2-1 record. Foster's now sports a perfect 3-0 slate and leads the league.

Against the gendarmes it was a different story. Young Sarto, a USF student, kept the men in blue in the palm of his throwing hand while striking out four and yielding two walks.

Sartos revised lineup clicked well this time. Herm Sick led a 10-hit parade with three base hits. Johnny Olcese and Don Lunghi got two hits apiece.

In the police tussle, pitcher Don Mossi played first base, catcher Ben Parodi patrolled shortstop and first baseman Jim Silacci started in right field.

Hoping to have its regular lineup intact, Sarto A.C. resumes league play Sunday with LaScala Restaurant at 2 p.m. in Marchbanks Park.

Other G.G.P.L. Sunday results were: Mike Chioino 6, Marty's 1; LesVogel 5, La Scala 1; Ocean Avenue Merchants 9, Molkenbuhr 1, and Gordon Realty 11, Lucky Lager 3.

Satan AC Fails To Put Out Fire In Sunday Tilt

Satan A.C. played like the devil last week but were bested by the Gregory Stars, 11-9, at Ocean View diamond.

The men from down under outhit the winners 11 to 8, however.

The fire undoubtedly will flicker Sunday when Satan A.C. warms up the Johnson Tamale nine on the Glen Park field at 12 noon.

WHA HOPPEN TO THE 49ers?

By Ridgely Cummings

Where are the rugged 49er football players of yesteryear? Into what athletic Valhalla or muscular limbo did they disappear?

I saw Buck Shaw's men in action the other Sunday on the green sward of Kezar and they didn't show much resemblance to the San Francisco Forty-Niners of the previous four seasons.

They were a disconcerting surprise and a disappointment.

When you see an old friend every day you tend to take his appearance for granted and may fail to note the changes caused by the passage of time. But when you don't happen to meet the friend for a year and then suddenly run into him, you have a fresh perspective and see him as he is rather than as the mental stereotype you have been carrying around with you.

That's the way it was with me and the 49ers.

In previous autumns I used to find excuses to journey down to Menlo Park to watch the lusty candidates practice. If I could manage it I saw the intersquad game before the cuts and weeding out began. And I second-guessed the coaches as they wielded the axe and various of my heroes were dropped from the squad.

Become Personalities

By this time the league limit of 35 was reached and the season opened, the surviving players were more than names and numbers to me, particularly those who were holdovers from previous years.

This year, being out of town, I missed out on all this preliminary activity. Consequently when I went to see the team play the Los Angeles Rams I subconsciously expected to see the same outfit for which I had rooted last year.

It wasn't the same. A lot of the names were the same, but it was not the same team.

Aside from John Woudenberg and Bob Bryant, giant tackles who had been towers of strength, most of my favorites were listed in the program. But half of these weren't first stringers any more and when they came in to relieve the regulars they didn't seem to have the old sparkle.

As for those who still headed the lineup, Father Time seemed to have caught up with them too.

Good But Spotty

Not that the oldtimers were overshadowed by the new men. Frankie Albert was still the best player on the team, some of the time. He displayed flashes of his former brilliance, passing, faking, bootlegging, running like the Frankie of 1947 and 48 about half the time. The other half he performed pretty much like a weary but conscientious carpenter with inadequate materials, putting in an honest day's labor for a good day's pay.

In other words, uninspired.

It was the same with Alyn Beals, who at times looked like the glue-fingered end of last year and made some difficult catches but who at other times bobbled and failed to get down under.

As for the 49er running game, it just wasn't there any more. Only Jim Cason and Sam Cathcart seemed to have any drive and fire.

Strike Fading

Perry averaged less than two yards for the day and Strike Straykalski was a shadow of his former self.

Pro football is a rough, tough wearing game and it looks as if, after a full course of high school and college head-knocking, four seasons is about as long as a player can remain at his peak in the pro ranks. I'd watched Strike play his heart out in previous years and it was inevitable that he must eventually slow up. The same for Norm Standlee.

Judging off this one game, which may be unfair, it looks like Coach Shaw didn't pick up nearly as much strength in new men as he lost in chopping off the old. Soltau, Nomellini and Alex Loyd will help but what the 49ers need is some big fast backs.

If the 49ers are to stay out of the cellar it looks like they will have to develop new talent and better judgment in trimming the squad. Each year a couple of ghastly mistakes are made. Last year it was Scooter Hall and Paul Crowe. This year Herman Wedemeyer.

Wha happen? and What's next?

Lucia Survives Shelling In 4-3 Win For Gelsi's

Double-play batters slammed out 14 hits off Gelsi Cavern's Fred Lucia last Sunday, but their hits were productive of only three runs and Lucia's club won, 4-3, in a Class AA National League game.

Gelsi's took an early 3-0 lead in the first inning and got their final and decisive run in the third inning. Double-play whittled down the margin in the remaining innings but fell one short.

Lucia received fine support with runners on base and fielding gems by Leo Massoni and Vince DeJohnie saved him on two important occasions.

DeJohnie's two hits featured Gelsi's eight-hit attack.

This Sunday Gelsi's take on Tufo Jewelry in a National League Double A game at Funston Field, Diamond 2. Game time is 12 noon.

SEMI-PRO BOX SCORE

Gelsi's Cavern (4)

Player	AB	H	R

Jeff Frosh Sophs Host Burlingame; Belt Bucs, 26-6

Coach Joe McGrath's Jefferson frosh-soph Braves open P.A.L. competition today on the Jeff field against Burlingame.

Kickoff is at 3:15.

Last week the Braves turned a close first half ball game with Balboa's Pirates into a second half rout, winning 26-6.

Jeff's air attack was the driving force in the victory. End Joe Lewkowitz personally accounted for three touchdowns on the receiving end of passes.

Mario Leveroni, who ran 35 yards off tackle for the Braves' only running touchdown, tossed two to Lewkowitz for six points each time. Lewkowitz and Omar Grimes tallied the points after touchdown.

Jefferson opened the game's scoring on the last play of the first half. The Braves found the end zone twice in the third quarter and once more in the last period.

McGrath substituted freely in his version of the platoon system. Thirty-eight Braves took part in the triumph.

The winners' passing game was sharp with six completions in 11 attempts. On the ground, the Braves rolled up 199 yards from scrimmage.

Marie's Place Loses In Sunday Shutout, 8-0

By Angelo Craviotto

Marie's Place started their Winter League campaign the wrong way last Sunday — on the short end of an 8-0 blast by Coastside A.C. at Ocean View.

The Daly City nine couldn't even drive a ball out of the infield off the slants of opposing hurler Glen Dubois.

Aldo Canepa pitched for Marie's and was the loser.

This Sunday Charley Donley will take the mound for Marie's Place in another Class A game. Donley won three of four indipendent games during the summer.

Serrans Face Bearcats Tonight

A team that has yet to win and a team that has yet to lose meet tonight as Jesse Freitas' Serra High Padres face San Mateo High's Bearcats at 8 on the Burlingame High field.

The Bearcats are regarded title threats in the PAL with two straight victories, while the Padres have lost to Stockton High and Christian Brothers of Sacramento in their previous outings.

Freitas has made a few changes for tonight's non-league game. He has switched big Jack Allain, former Jefferson end, to tackle in an attempt to strengthen his forward wall.

In Allain's place, Freitas moves either Dick Furrer or Jerry Forbes at left end. Louis Disanto takes over for co-captain Jesse Jones at right guard.

Freitas believes the Padres' running attack is much improved over earlier showings. Quarterback Buck Schott runs the club off the T with the help of halves Tom Healy and Faustino Quitevis and fullback Laurie Del Santo.

Serra's probable lineup tonight: Ends, Furrer and Mike Cassentini; tackles, Allain and Bob Martinelli; guards, J. Disanto and Caserza; center, Mike Lombardi; quarter, Schott; halves, Healy and Quitevis; full, Del Santo.

SMJC Figures To Thump Hartnell In NCJCC Grid Contest

San Mateo Junior College is ruled the favorite tomorrow night when the Bulldogs encounter Hartnell of Salinas on the Burlingame High School field at 8 p.m.

Coach Herb Hudson's Bulldogs enter their second NCJCC game with a comparative score advantage over the Salinas eleven.

Both teams met Stockton in league play, and both were beaten. San Mateo lost a narrow 18-13 game, while Hartnell was overwhelmed by the Cubs, 33-7.

Hudson's lineup includes John Mirande and Bud Wickert, ends; Kev Ramos and Bob Etter, tackles; Frank Vallejo and Bill Wills, guards; Stan Pence, center; Johnny Leal, quarterback; Tom Laramie and Jack Harper, halves, and Spencer Fine, fullback.

Glendale J.C. defeated San Mateo last week in an intersectional battle on the Burlingame gridiron.

Johnny Leal's passing moved the Bulldogs to a 7-6 half time lead, but the visiting Vaqueros broke away for three long touchdown runs in the final periods.

Leal bootlegged the Bulldogs' second touchdown in the fourth quarter to make it 13-19. Two minutes before the end of the contest, Glendale's Dick Stults galloped 53 yards unmolested for the clincher.

San Mateo gained 125 yards on the ground and 140 yards passing. Leal completed eight of 23 throws.

TEAMS TANGLE FOR LEAGUE LEAD IN TOUCH FOOTBALL

Leadership in the Daly City Recreation Department Touch Football League is at stake tomorrow when unbeaten OLPH collides with Jefferson in an A League attraction at Marchbanks Park.

In another A League game, Crocker AM and Crocker PM meet to decide which is the better team.

Action last week found O.L.P.H. romping over Crocker PM, 28-7 and Crocker AM upsetting Jefferson, 6-0.

A John Lucid-to-Hermann Stevenson touchdown pass was the difference between Crocker AM and Jefferson.

Both B League games were won by Crocker.

The AM's edged Jefferson 7-0 and the afternoon youngsters shaded OLPH 6-0. Turemond fired to Perrin for the AM touchdown and then threw complete to Johnson for the conversion.

The Crocker wins in B League play left the AM and PM teams deadlocked for the top with two victories and no losses. Jefferson and O.L.P.H. have yet to triumph in B loop play.

THE STANDINGS

A League

DC To Observe United Nations Day October 24

Daly City joins spiritual forces with thousands of other American communities next Tuesday in special observance of United Nations Day.

The fifth anniversary of the founding of that world organization finds the United Nations facing the supreme challenge of its purpose of maintaining world peace and freedom.

Since the Korean conflict stirred the international conscience three months ago, peoples throughout the globe have looked to the United Nations for a solution to the tense state of universal affairs.

World crisis has elevated the function of the United Nations to the forefront of concern.

Unfortunately, only a select minority of peoples have rallied to the cause of the United Nations. Literally millions more supporters are needed if the UN is to achieve its avowed goal of perserving harmony and cooperation in a modernistic age.

The General Assembly set aside October 16-24 as United Nations Week as a means of reminding peoples everywhere of their obligation to each other and to that world body.

Daly City's Mayor Paul Green asks the citizens of his community to offer prayers for peace and the ultimate success of the U.N. in its most critical hour.

Rams Face LACC Down South; Fall To Lobos, 27-19

City College's Rams are in Los Angeles today awaiting tonight's intersectional duel with a Los Angelest City College eleven.

The men of Grover Klemmer lost as was forecast last Saturday to Monterey Peninsula College, 27-19, but they made it a ball game all the way.

Aftermath of the NCJCC setto, which was CCSF's second conference loss, was a free-for-all scuffle between several players. Outcome of the fisticuffs was not disclosed, but the Lobos got the decision on the field.

Fleet Al Mathews, Monterey fullback, lived up to expectations as a potential Jaycee All-American, for he scored three touchdowns against the Rams. He went over twice in the first quarter and sped 65 yards in the last period. Dan Alberts pitched to Dick Navarez for Monterey's other tally in the second quarter.

City College scored single TDs in the first, second and fourth quarters. Ram tallies came on a five-yard plunge by Cletus Washington, a 38-yard end sweep by Al Endriss, and a three-yard smash by tiny Stan Haan.

SM's Rongey Paces PAL Scoring Race

Frank Rongey's two touchdown jaunts against South City last week boosted the San Mateo halfback as top scorer in the Peninsula Athletic League.

Five-feet-eight-inch Rongey has tallied four touchdowns and one conversion for 25 points. His closest rival is South City's Johnny Castro with three TDs in two games for 18 points.

Max Kliem of Jefferson and Willie Grimes of San Mateo both have 13 digits on two six-pointers and a P.A.T. apiece.

Scoring setup:

player	td	pat	tp
Frank Rongey, SM	4	1	25
John Castro, SSF	3	0	18
Max Kliem, Jeff	2	1	13
Willie Grimes, SM	2	1	13
Jim Farrell, PA	2	0	12
Dale Hendrickson, PA	2	0	12
Willie Wan, PA	2	0	12
Jim Unger, Linc.	2	0	12

South's Charges Battle Bulldogs Today At 3 p. m.

By Roy Hurlbert

Still looking like a growing youngster who doesn't know his own strength, Jefferson Union High's Indians herd off to Santa Clara county this afternoon to do battle with the defending champion San Jose High Bulldogs.

Kickoff is set at 3 p.m. in Spartan Stadium.

The Tribe had a bye last week and Coach Glenn South's unbeaten team is anxious for action.

Bulldogs Bat .500

San Jose brings a 1-1 record into today's encounter. The Bulldogs lost a 19-13 closie to Burlingame in their first P.A.L. start two weeks ago, and then edged Sequoia, 18-14, last Friday night to even up the books.

Jefferson bounced a very unstable but coming Sequoia club, 25-0, in their only league performance to date, also two weeks back. A week in advance of the Sequoia victory, the Indians opened with a comeback 20-9 triumph over Mountain View.

Comparative scores, regardless of their worth at times, don't figure in predicting a winner in today's Indian-Bulldog scrap. Jefferson didn't permit one Cherokee score while San Jose spotted Sequoia two touchdowns and finished four points better. But then Sequoia is on the upgrade.

S. J. Tough Again

Mentor South thinks the San Jose outfit is one of the best in the P.A.L., just like last year. He's not disregarding the other contenders, mind you, but is taking them as they come. And, according to South, they don't come any tougher than the San Jose boys.

He scouted today's foe Friday night at Sequoia. And his comments were to the effect that Jefferson will get the supreme test against their hosts.

"I certainly was awed with San Jose's output against Sequoia. Their line charge was terrific and their defensive line strength was something to watch. Sequoia finished with minus 15 yards gained from runs.

"They threw an eight-man line at Sequoia and pretty well bottled up the Cherokees' running game. Sequoia looked much improved over our game. But the only way they made it a ball game was on two long scoring passes.

Air Drive Needed

"It looks as though we're going to have to sharpen our passing attack because their line might give us plenty of bother.

"San Jose's ground game off the T is good. With a line charge like theirs the Bulldog backs should travel for plenty of land yardage."

South also had a look at Lincoln's 23-0 whitewash of Burlingame Saturday. He was impressed with the Lions and their performance in 92 degree weather.

Gonella for Pete

Jefferson's lineup will remain intact except for the right tackle post. Junior Floyd Gonella, 190, goes for injured Pete Kopcrak this afternoon. Kopcrak was sidelined in the Sequoia tilt with a dislocated shoulder. Whether he will recover before season's end is questionable. Two hundred twenty-three pounds is a lot of football player and a valuable block in the forward wall.

So far as the weights go, the locals average 184 up front compared to 185 for San Jose. Backfield scale is 166 for Jeff and 161 for the Bulldogs.

Bill Aimmoneti, a junior fullback, is the only non-senior in San Jose's starting crew. The rest are seniors.

Last year the Daly City eleven gave the San Jose bunch a real scare only to lose in the last minute of play, 13-7.

Today's Lineup

Sarto Nine Loses 1-0 As Rainey Drops Duel

Jim Rainey's two-hitter over nine innings wasn't enough to win a ball game last Sunday as Sarto's lost a thrilling 1-0 battle to the Newell-Ellington nine at San Bruno in a Class A National League tilt.

Bill Lipman went one better than Rainey's neat effort as he allowed but one hit, that by Bob Clausen, in taking the victory. Lipman's mates pushed across the lone and decisive tally in the seventh frame.

Sarto's meets the San Francisco Indians this Sunday at Potrero Hill park. Game time is 2 p.m.

NOTICE OF PUBLIC HEARING

Notice is herewith given that a public hearing will be held by the City Council of the Town of Colma on the 8th day of November, 1950, at the hour of 9:00 A. M. on such date in the auditorium of the Colma City Hall, the purposes of said hearing being the following:

1. To consider a comprehensive zoning plan to be recommended by the Planning Commission to the City Council of the Town of Colma for adopting by the said Council as a Master Zoning or Districting Plan for said City establishing various zones in said City; regulating the uses of lands and buildings within such zones; adopting a map showing said zones, requiring that certain permits shall be secured for certain of said uses and buildings; defining certain terms to be used therein; providing for its adjustment, enforcement, and amendment; prescribing penalties for violations and repealing any ordinances or portions of ordinances in conflict therewith.

2. Consideration by the Planning Commission of an application filed by A. Conti for a permit to construct a drive-in theatre on the property located within the territorial limits of the Town of Colma bounded by the Colma City Limits on the North, Junipero Serra on the West, El Camino Real on the East and by the northerly property line of Woodlawn Cemetery on the South.

3. Such other business as may properly come before the Planning Commission at any regular meeting, adjourned meeting or special meeting.

NOTICE BY COUNTY CLERK

NOTICE IS HEREBY GIVEN that the Board of Supervisors at their meeting October 3, 1950, declared it as their intention to abandon a portion of Chester Street as said Street is shown on that certain map entitled "MAP OF THE LANDS OF THE ABBEY HOMESTEAD ASSOCIATION", recorded in the office of the Recorder of San Mateo County on January 2, 1872 in Book 1 of Maps at Page 14, said proposed abandonment being more particularly described as follows:

BEGINNING at the point of intersection of the southwesterly line of San Bruno Avenue, (now known as Hillside Boulevard) with the southeasterly line of Chester Street as said San Bruno Avenue and Chester Street are shown on that certain map entitled "MAP OF THE LANDS OF THE ABBEY HOMESTEAD ASSOCIATION", recorded January 2, 1872 in Book 1 of Maps at Page 14, San Mateo County Records; thence from said point of beginning along said southeasterly line of Chester Street, South 34° 21' 45" West 112.49 feet to the westerly line of the above mentioned lands of the Abbey Homestead Association; thence along said westerly line North 28° 22' 45" West 45.17 feet; thence leaving said westerly line northeasterly on a curve to the left, tangent to a line which bears North 81° 36' 47" East, said curve having a radius of 125.00 feet, a central angle of 47° 15' 02" and an arc length of 103.08 feet to the point of beginning.

All courses based on San Mateo County Survey Meridian.

NOTICE IS HEREBY FURTHER GIVEN that hearing will be held on the proposed abandonment above referred to before the Board of Supervisors, in their Chambers at the Courthouse in Redwood City, on the 8th day of November, 1950, at the hour of 10:00 o'clock a. m. of said day, at which time and place all persons interested in said abandonment may appear and be heard or present their objections, if any, either oral or written.

BY ORDER OF THE BOARD OF SUPERVISORS, dated October 3, 1950.

ORDER FOR PUBLICATION OF CITATION

No. 52935

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO

In the Matter of the Adoption of TIMOTHY JAMES BLACK also known as TIMOTHY JAMES ANDERSON, A Minor person.

Upon reading and filing of the Affidavit of Brunswig Sholars for an Order for Publication of a Citation under Section 224, Civil Code of the State of California, and it appearing that the foregoing case is a proper one for the constructive service of Citation in accordance with said Code Section, and it further appearing that Daly City Record is a newspaper published in the County of San Mateo, State of California, and that said newspaper is one which should be named and designated as that most likely to give notice to the natural father of the said Timothy James Black, also known as Timothy James Anderson, and it further appearing that there is no known address for the said natural father of said child,

IT IS HEREBY ORDERED, ADJUDGED AND DECREED that the said petitioner is authorized and directed to publish the Citation in the above entitled matter in the Daly City Record once a week for a period of eight successive weeks from and after the signing of this Order.

Done In open Court this 13 day of October, 1950.

Wrong Location Makes Thermostat Work Erratically

An improperly located thermostat often is responsible for erratic operation of a home heating system, says American Builder magazine. This check list is suggested as a guide in looking for the fault:

1—The thermostat should not be in a room with large glass areas on the east, south or west sides. Sunlight coming through large windows can make the room warmer than the rest of the house and "satisfy" the thermostat.

2—The thermostat should never be exposed to direct sunlight or to drafts of cold air.

3—It should never be near a source of heat, such as a radio or television set or a lamp. It should not be secured to a section of wall which conceals a warm air riser, a hot water pipe or a chimney.

4—The thermostat should be located where room air can reach it freely. It should never be pocketed behind a door which ordinarily stands open, nor should it be close to an inside corner of a room.

WASH WASPS AWAY

A wasp nest under the eaves of a house can be destroyed by a stream of water from a garden hose.

BEETLEHOLES

Wormholes in old furniture and woodwork are made by beetles.

NEWS OF YOUR NEIGHBORS

Mr. and Mrs. Bruno DelCastello, 184 Gambetta, bid goodbye Thursday to a guest of two weeks, Miss Helen McTurk of Kamloops, Canada. Mrs. McTurk, cousin to Mrs. DelCastello, returns to her home town after her first trip to the Bay Area. During her two-week visit in San Francisco and Daly City, Miss McTurk also visited with her father's brother, William McTurk of San Francisco. The Canadian Miss is employed as a social worker by the government. Her father John McTurk is a well-known Presbyterian minister in Kamloops.

Mr. and Mrs. Ralph Capps, Menlo Park, Sunday, October 15, welcomed the second addition to the family . . . a bouncing 6-pound-13-ounce girl. Jan Christine Capps made her curtain call at 7:30 a.m. at the Oak Knoll hospital. Mrs. Capps is the former Lois Rich of 109 Acton street, daughter of Mr. and Mrs. Ralph C. Rich. Ralph, now serving with the navy in Japan, is the son of Mrs. Walter Capps of San Francisco. Ralph called his home from Japan at 7 a.m. Sunday, only a few hours before the baby was born. Jan is the second member of the Capps family, coming in three years behind David Allen Capps.

Donnie Aiello, son of Mr. and avenue, was one of the 26 accordion avenue, was one o fthe 26 accordion students present at an accordion picnic given at Fortini Park in San Jose last Sunday by the Dino Benetti School of the Accordion. In addition to Mr. and Mrs. Aiello, there were 300 other guests who were present to take part in the picnic. The Aiellos brought Mr. and Mrs. Robert DeMercurio and daughter Shirley as well as Mr. and Mrs. Charles Aiello and their family. Also present was Leo Giusti, Daly City accordion teacher. Donnie, as well as the other students, gave a demonstration of his prowess with the accordion.

Mrs. Marion McKaskle, 158 E. Vista, will attend the first of a series of four weekly courses on the Red Cross organization next week. The sessions are planned to give full information concerning the Red Cross. The meetings are to be held in Burlingame. Upon completion of the series, Mrs. McKaskle will be given a pin and certificate enabling her to perform the duties of a Gray Lady. She has already completed the orientation and indoctrination courses for volunteer hospital worker at the Veterans hospital in Palo Alto.

BAYSHORE VISITACION VALLEY

By Bernice Hendryx JUniper 4-6449

All interested parties are invited to the Cub Pack meeting that will be held on the evening of November 3 at 7:30 p.m.

Normally the meeting is held on the last Friday of the month, but due to the Cow Palace show and other activities, it was decided to postpone this month's meeting until the first week in November. There are still openings for Cubs in the Dens, and also openings for adult leadership. The ages are from eight to eleven, and this is tops in training for young boys.

The Mr. & Mrs. Club sprung a surprise house warming for the Sands of Menlo Park, and the gifts were really somethin'. Theda and Toby were residents of the project, Theda working in the administration building. The new home in Menlo Park was the site of the house warming shindig, and all the club members turned out for the occasion. Aside from the individual gifts, the club as a whole presented them with a Sunbeam waffle iron. Now it gives big Sunday breakfasts to Toby.

Vistors

The Earl Frank family spent last Sunday with Earl's brother Harvey in Oakland. It was by way of being a farewell dinner. Brother Harvey, father of three, saw action in three theatres in World War II, and has been inducted again. He will go to Fort Ord for more army life.

Church Loyalty Month at the Bayshore Baptist Church is coming to a close, and Reverend Widenham reports that attendance has increased since the program started. His topic for this Sunday will be "Earnest Spirits." The evening topic will be "John's Vision."

The Bayshore PTA meeting last Friday afternoon had the biggest turnout that has been seen at an afternoon meeting in many a moon. Miss Baker's eighth grade class provided the entertainment in the form of a play, giving their version of action on a Hollywood movie set while a picture is in the making. The novelty of the day was the table setting. Dolls depicting All Saints Eve were the centerpiece, and the refreshments appeared in Hallowe'en guise.

Question and Answer Department

Death of a Dog

About six months ago, one of the families in the neighborhood had a beloved pet die. It was Butch, their dog. The children wanted to know all about where Butch went, and Mother patiently explained that Butch had gone to live with God in Heaven. When the rains came this week, both parents were awakened at an untimely hour of the morning by one of the small fry. With one worried eye cocked on them, and one watching the mourning skies, the little lady demanded to know if God had a nice house for Butch so that he wouldn't get wetted by all this rain. Any of you who will be able to answer this and like questions asked by the tiny ones, may write their answers in ten thousand words or more, and mail them to me. In that way, I may be able to answer some of the cuties that my own ask.

Five members of the Bayshore PTA will attend the PTA district meeting to be held at the high school in Redwood City this month.

Girl Scouts

Mrs. J. Barrett and Mrs. A. Dodds at present are attending leadership courses, given in South San Francisco for Girl Scout leaders. The Intermediate Girl Scouts in the valley lost both their leaders this summer when Mrs. J. Shere and Mrs. Palermo moved from the district. Mrs. P. Costa and Mrs. O. Vandebilt have the Brownie troops. If some of you ladies could give a small portion of your time to helping these leaders, please contact Mrs. Vandebilt at JU 5-1996.

Mrs. C. Coty gave a pink and blue shower for Mrs. Bart Sisson on October 9. Some sixteen gals were present and baby talk was the rule of the day.

Carl Smidt was present at an inspection meeting of Boy Scouts last Monday evening. Mr. Smidt is the leader of a group of Sea Scouts, and it was he who made the inspection of our Boy Scouts. All of our boys who had uniforms, passed the inspection with flying colors. Dan Blaga, our Bayshore Scout leader, was unfortunately laid up with a severe ankle sprain. C. E. Miller and Herb Dirks, members of our scout committee were present. We have sixteen active Boy Scouts, and the full group turned out for their inspection.

Moving

We are soon to lose the Dunn family, of 753 Schwerin street. They are residents of the naval project. Grace tells us that they are expecting their orders any time. Hate to see you go, kids. You've been here long enough to seem like permanent residents.

A reminder to all you big kids to try to plan to take the little kids to the PTA Hallowe'en Carnival to be held on Hallowe'en nite, October 31, at the Bayshore School auditorium. Games, food, and adequate haunting.

Foothill Drive

Mrs. Bob Cook is recovering at her home after three weeks in St. Luke's Hospital. Mrs. Grace Morgan of Lawrence, Kansas, is spending some time with her daughter and son-in-law, Mr. and Mrs. Bob Cook.

Mrs. Lois Smith and son Gary will return to their home this week end after a six-week visit with relatives in Maryland.

A Hallowe'en theme was used to celebrate the fifth birthday of Gail Greer, daughter of Mr. and Mrs. Denver Greer. Those enjoying the occasion were David and Andrea Pansini, John, Patsy and Alice McCarty, Kathie Levitt, Suzy Atherton and Lynn Jones.

Mabs and Vic Guy entertained a group of their neighbors at a dinner Saturday evening. Those attending were Del and Maurine Guymon, Andy and Jane Pansini, Frank and Fran Dethlefsen, Bob and Helen Easterbrook, Trev and Ruth Jones and Walt and Darlene Brand.

Mrs. Elizabeth Baker has returned to her home again after an extended visit with relatives in Los Angeles.

Bradley

Mr. and Mrs. Joe Elliot of 923 Bradley are the proud parents of a baby boy.

Louvaine

Mrs. Janet Rizzo is confined to her home with a sprained ankle.

Washington

Mr. and Mrs. Gene Schoeck have sold their home on Washington street and have left for New York and New Jersey.

Captain Roy Nash has been called to active duty in the transportation corps.

MacArthur

Mr. and Mrs. James B. O'Grady welcomed a family newcomer last Saturday with the arrival of a brand new son at Stanford Hospital. O'Grady was recently appointed clerk to federal Judge Carter of San Francisco.

Mrs. O'Grady's aunt, Emma Garrett of Aledo, Illinois, and Mrs. Bruce Fitch of Viola, Illinois, are visitors at the O'Grady home.

SPORTSMEN'S CALENDAR

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

DEER—Ends October 15 in Sierra, north coastal, and Modoc-Lasen areas. Bag limit: two bucks in north coastal area; one buck elsewhere; no forked horns in northeastern California section.

BEARS — Ends December 31. Bag limit: one bear per season. Only one dog per hunter may be used between September 16 and October 15. No trapping permitted.

BRUSH AND COTTONTAIL RABBITS — Ends December 31 in Districts 4, 4⅛, and 4¾; November 18 to December 15 in District 1¾; November 18 to December 31 in balance of State. Bag and possession limits: four per day.

JACK RABBITS—Ends December 31 in Southern California Districts 4, 4⅛, 4¾, 19, 20, and 22. No closed season in balance of State. No bag limit.

DOVES — Ends September 30. White-wings illegal in Imperial county. Bag and possession limits: 10 per day. Shooting hours: one-half hour before sunrise to sunset.

PIGEONS — September 16 to September 30 and December 17 to December 31. Bag and possession limits: eight per day. Shooting hours: from one-half hour before sunrise to sunset.

SCALLOPS — No closed season. Bag limit: 50. Minimum size limit: two inches in diameter.

YANK TANK, HO!—South Koreans give a grateful greeting to the crew of a U. S. Army light M-24 tank on the way to the front lines somewhere in Korea.

General Pershing PTA Plans Lecture Series

Six two-hour lessons in a course on Parent-Teacher information were planned this week by General Pershing PTA members, according to Mrs. D. C. Gensel, spokesman.

Members who undertake the twelve-hour course in the next few weeks are Mrs. George Freeland, Mrs. James Jordan, Mrs. A. W. Lauffenberger, Mrs. J. Bernanter, Mrs. R. Poole, Mrs. R. B. Young, Mrs. R. Cross, Mrs. R. F. Fraxler and Mrs. Gensel.

All sessions will be held at Mrs. Freeland's home.

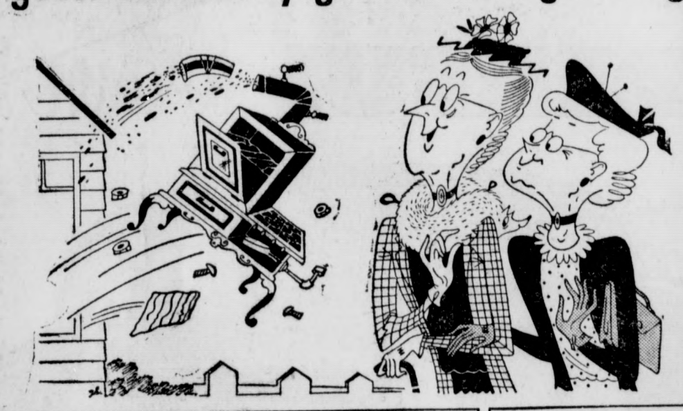
"I make sure the other person has time to answer by counting up all my children."

You'll reach the person you're calling much more often if you give him a full minute to answer. The Pacific Telephone and Telegraph Company.

"I guess she finally got her new gas range"



Bride inherits ancient range.
Husband says "It's very strange
Woman's work is never done!"
Finally The Man caught on...
Said his dealer: "Go first class
Let the missus cook with gas.
Thrifty, cleaner, quicker, too!
I have just the range for you!"
"Jim's the smartest man in town!
Meals are better; bills are down!
Dinner's ready without looking.
Secret? Automatic cooking!"

A new Automatic Gas Range is a good investment. You can get low-cost operation! Automatic time control to cook whole meals without watching! Automatic temperature control for baking! Automatic trigger-fast lighting for burners, broiler, oven! Non-clog, non-rust burners! Fast, live-flame smokeless broiler! Years of worry-free service! Visit your dealer today.

Gas and electric service is another great California bargain. P. G. and E. rates are among the lowest in the nation . . . they take less than 3¢ of the household dollar.

93-W-1050 PACIFIC GAS AND ELECTRIC COMPANY

Think twice today when you buy a truck!

THAT new truck you're considering may have to last a long time. So you'll be wise to look at a GMC for these important reasons:

GMC's are built by the world's largest exclusive manufacturer of commercial vehicles — with the broadest truck engineering experience.

GMC's are real trucks. Engine, transmission and frame, as well as cab and axles, are all specially truck-built to give you longer service.

GMC truck-built engines have high horsepower with higher sustained torque—greater pulling power. They are built to give extra years of service with less maintenance.

GMC extra-value features include Synchro-Mesh transmission, Tocco-hardened crankshaft, full-pressure lubrication, recirculating ball-bearing steering gear, airplane-type bearings and Lifetime Weathersealed cabs as standard equipment on practically all models from ½ ton up.

That's why more truckers are buying GMC's today than ever before—*experience proves them best in the long haul!*

Get a real truck!

Holy Year Mission Opens This Sunday At Holy Angels

Opening day of a Holy Year Mission at Holy Angels Church in Colma is scheduled for this Sunday, October 22.

Every evening the devotions will commence at 7:45 p.m.; and morning Masses will be offered at 6:30 and 7:30 o'clock.

Father Alvin P. Wagner, director of the Archdiocesan missionaries, will conduct the mission.

A children's mission will be held Wednesday, Thursday and Friday afternoons.

The Mission will conclude on the Feast of Christ the King with solemn ceremonies that evening.

Non Catholics are cordially invited to attend.

26th LEGION AUXILIARY TO MEET HERE FRIDAY

Members of the American Legion Auxiliary Twenty - sixth district will hold a regular meeting in Daly City Friday, October 20, it was announced today.

The meeting is to be held at the American Legion hall, 474 San Diego, beginning at 8:15 p.m.

Presiding at the conclave will be Mrs. August Hansen, newly-elected district president, and her corps of officers.

Principal business before the women will be the National Convention report.

Local Man Faces Bad Check Charge; In Court Friday

Charged with passing some $45 in bad checks at the Broadmoor Pharmacy, 2383 Junipero Serra boulevard, today is Melvin Allen, 145 Price street.

The Daly City man was nabbed late Saturday by Officer August Benassini, who recognized him as wanted by the local gendarmes.

Allen will have a preliminary hearing before Judge W. J. Sweeney at 2:30 p.m. Friday. His bail has been set at $2,500.

SPANISH FOLK DANCE PARTY SET SUNDAY

The Coastside Dancers are staging a Spanish Town Fiesta Folk dance party for Northern California Folk Dance Clubs Sunday, October 22, at Miramar, just north of Half Moon Bay.

Dancing will start at 1 o'clock in the afternoon and continue until 11 o'clock that night. A program of Spanish theme dances, exhibitions and square dances has been arranged for the guests.

Popular square dance callers of northern California will intersperse cowboy and western squares with a regular program of familiar folk dances.

A concert of Spanish music has been arranged for the supper hour, and a number of clubs will put on exhibitions of special Spanish-type dances.

Daly City Now Has Job Openings

Jobs are now open with the city as street serviceman and maintenance man for the water department, it was announced today.

Applications for both jobs may be obtained from, and must be filed with the Secretary of the Civil Service Board of Review on or before 5 p.m. Friday, October 27, at the City Hall, Room 23, 75 Wellington avenue.

The general qualifications for both positions are: one year's residence in Daly City; 21 to 45 years old inclusive; United States citizen; good health, and medical examination by registered M.D. required before appointment; completion of accredited grammar school or equivalent.

The education requirements for the maintenance man are at least completion of the 10th grade, and one year experience in the construction, maintenance and repair of the facilities of a water system, or equivalent combination of education and experience.

Salary for the maintenance man is $260 to $290, and $250 to $280 for the street serviceman.

VFW Auxiliary To Give Canasta Party Friday

V.F.W. Auxiliary 9921 will present a canasta party today, October 20, at 1 p.m. in the home of Mrs. Gladys Holt, 114 Garden lane.

All auxiliary members are invited to attend, according to Mrs. Hazel Eagleton, auxiliary spokesman.

DC Civic Leaders Supporting Nixon To Meet Monday

Daly City civic leaders and supporters of Congressman Richard Nixon will gather in San Mateo Monday, October 23, for San Mateo county's final election rally honoring the young U. S. senate candidate.

The affair, to which the general public has been invited, will be held at the Benjamin Franklin Hotel and will get under way at 4:30 p.m.

Plans were announced yesterday by Aylett B. Cotton, chairman of the Nixon for Senator committee in San Mateo county. He said a capacity crowd is expected to be on hand to welcome Nixon whose appearance here will highlight a spectacular flying tour of the state.

Nixon, who won nation-wide prominence for his role in breaking the Alger Hiss case, will be accompanied on the flying tour of northern California by his wife. He will speak at a breakfast rally in Quincy and a luncheon in Oroville before arriving in San Mateo by private plane.

At the rally, Nixon will be introduced by Raymond J. Daba, San Mateo attorney. Other prominent city and county officials are scheduled to appear in support of Nixon.

Immediately following the San Mateo rally, Nixon's last appearance before November 7, he and his wife will leave for Bakersfield to climax the day's busy schedule.

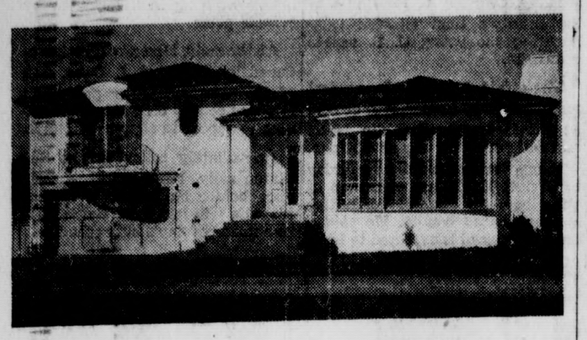
POPULATION OF NEW MEXICO INCLUDES MANY INDIANS

The population of New Mexico is reported by the National Automobile Club to include some fifty thousand Indians whose ancestors reached that area almost one thousand years ago.



Official Department Of Defense Photo

BIG TIME AIRLIFTING IN KOREA—How did the U. S. Armed Forces succeed in getting so many heavy trucks to the fighting front in Korea where ports are jammed and highways are few? The "flying boxcar" solved the problem. The "boxcar," you know, is the nickname of the big USAF C-119, a plane that carries a 15-ton cargo and swallows a 3½-ton truck, whisking it in a space of minutes over mountains and seas and puts it down close to the battle lines. Within an hour this truck, mounting "boxcar's" ramp will carry needed supplies to GIs struggling against the enemy.

Railway, Steamship Union Endorses Earl B. Whitmore

Endorsement of Earl B. Whitmore for Sheriff of San Mateo county by the Brotherhood of Railway and Steamship clerks lodge No. 854 was revealed today by Whitmore's campaign headquarters.

The railway and steamship clerks are one of the Peninsula's largest union groups with some 1800 members in San Mateo county.

In a letter addressed to Whitmore, leading candidate for the nomination for Sheriff in the June primary, S. A. Buckley, legislative representative of Lodge 854 wrote:

"I am pleased to inform you that you have been endorsed by Lodge No. 854 Brotherhood of Railway Clerks.

"This endorsement was motivated by the high praise received in your behalf by one of our most active members of our San Mateo county group.

"You may feel free to use this endorsement in any manner that may contribute to your ultimate election."

Whitmore, who has more than nine years experience in law enforcement work as a member of the Redwood City police department and as an investigator for the provost marshal office during World War II, led the incumbent sheriff by more than 1300 votes for the nomination in the June primary.

Headquarters for Whitmore have been set up at 1311 Woodland avenue, San Carlos, phone LYtell 3-3901.

Whitmore will be a guest Wednesday afternoon of the San Mateo County Council of Republican Women's Candidates tea at Mrs. Annette Alexander's Redwood Lodge in Belmont.

Hall Receives Backing Of County Citizens Group

Henry C. Hall, present assistant county school superintendent, will have the active support of a county - wide group of citizens in his bid for election to the office of county school superintendent at the November 7 balloting, according to a statement issued this week by Rear Admiral S. B. Johnson, county resident and retired naval officer, who has taken over the chairmanship of the Hall campaign.

Johnson said that Hall's many years of school service as teacher, principal and school superintendent, makes him singularly qualified to take over the responsibilities of the office where he has served as assistant county superintendent for the past 6 years.

Johnson pointed to Hall's long and distinguished record in the county school system through which he has advanced office by office through his ability as an outstanding educator and capable administrator.

Happy Birthdays!

Harry, the "happy baker," wishes the following local residents the best of everything on their coming birthdays:

October 20 — Flora Pinochi, 169 Mateo avenue; Mrs. R. Rossi, 73 First avenue.

"Record" Reminiscence

From the "Record" 10 Years Ago
October 2, 1940

Daly City shared the limelight with other Bay area communities in biding farewell to San Francisco's lovely Exposition this week end. Thousands of local residents crossed the Bay Sunday to say their farewells in person to the music, flowers, and lights of the magic island.

Jefferson Union High School's board of education has pledged itself to help Uncle Sam in the national defense program. The board today stated that if any teacher or employee at the high school is called or enlists in the United States Army, he is not in danger of losing his job.

Eugene Lagomarsino, son of Mr. and Mrs. George Lagomarsino, celebrated his twelfth birthday Saturday at his home on Sullivan street.

Rosemary Loney, Jefferson Union High School senior, will discuss the relationship between youth and democracy for Daly City Unit No. 410, American Legion auxiliary, this evening.

Daly City sky-rocketed into the sports limelight, as Tony Compagno, former Jefferson Union High School grid star ran rampant against Gonzaga, to lead the St. Mary's Gaels to a 16-0 victory at Kezar stadium.

From the "Record" 10 Years Ago
October 10, 1940

Two Jefferson Union high school girls, Rosemary Loney and Maren Nelson, will receive life membership pins at the California Scholarship Federation assembly program today.

Mario Marsili, Colma, and Alice Uccelli, South San Francisco, applied for a marriage license last Thursday.

A lot of adoring relatives were awaiting to greet little Judith Arlene Keagle when she came home from Mary's Help hospital Thursday with her mother.

Walter F. Shaw, 24, and Doretta P. Wilson, 20, both of Daly City, filed a notice of intention to marry last week in San Francisco.

Marianne Costello, of General Pershing School, celebrated her sixth birthday last week.

FOR RENT: Three-room apartment, furnished, Hardwood Floors, Garage. $25.

FOR SALE: New 5-Room Bungalows. Price: $5,150.

From the "Record" 10 Years Ago
October 16, 1940

San Jose, heavy favorites to grab the P.A.L. championship, were surprised Friday by the tough competition given them by a hard-hitting Jeff eleven. After four quarters of smashing battle, they cooled Jeff 12-6.

Jeff's gridders came on the field in the following lineup: right end, Poddig; left end, Dyer; right tackle, Keelty; left tackle, Faulk; left guard, Schuer; right guard, Hertz; senter, Rigler; quarter, Ferrando; left half, Razzari; right half, Ruppert; fullback, DeMartini.

Mr. and Mrs. Frank Simonick, 6925 Mission street, are the proud parents of a son born October 2, in San Francisco.

Leo Greiner, Daly City, and Catherine Cardini, San Francisco, filed a notice of intention to wed last week in San Francisco.

Walter F. Shaw and Doretta P. Wilson, both of Daly City, applied for a marriage license recently in San Francisco.

Mr. and Mrs. Bert McKenna, 412 Bellevue avenue, are the proud parents of a baby girl born Friday at Stanford Hospital. The McKenna's have one other child, a four-year-old son, Bert Jr.

Word has been received from New York City that Mr. and Mrs. W. E. Thomson, 613 Bellevue avenue, are having an enjoyable vacation trip in the East. They are now on their way to Washington, D. C.

At the second annual election of officers for the Mothers Club of Our Lady of Perpetual Help school, Mrs. Sophie Klingler was re-elected president; Mrs. Elsie Thomson, vice-president; Mrs. Lorraine Wall, recording secretary; Mrs. Josephine Kelly, treasurer, and Mrs. Musante, financial secretary.

Two of Jefferson's girls participated in the business meeting held yesterday at Burlingame. They were Earlyn Barker, secretary of G.P.A.L., and Shirley Jones, manager.

This semester a number of new pupils enrolled at Jefferson grammar school. A few include Donna Davis, Eleanor Brown, Bobby Giorni, Teddy Welp and Angelo Squeri.

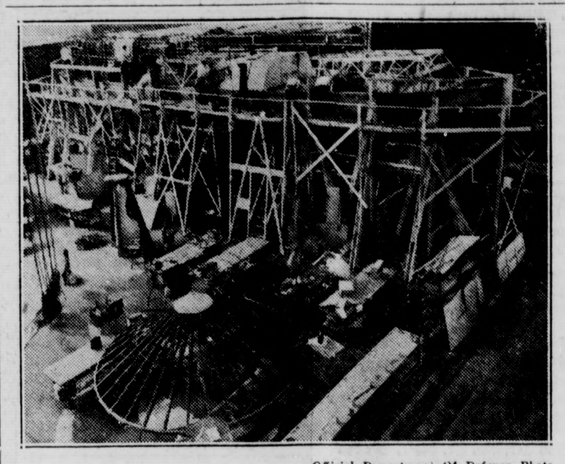
WHEN STEERING IS HARD

Misalignment of the front wheels, which continues to be quite a problem despite all the progress made in automobile design, is prone to communicate itself through an increase in the energy required to steer the car, advises the National Automobile Club. It takes greater alertness, however, to detect it in these days of extremely light steering.

Have the alignment checked at the first suspicion of a change in the car's steering qualities. Bumping a front wheel against a curb, or just the normal battering of the wheels on a normally smooth road, is likely to affect alignment, or what the engineer refers to as the "steering geometry."

Official Department Of Defense Photo

KOREAN SIGN POST—On this tree in the battle zone in Korea are emergency instructions for the orientation of troops. One sign indicates the direction of water supply and on the other the censor has obliterated on the photo the unit whose position may be directed. Corporal Glendon W. Raut, of Sanford, Florida, does some publicity for the 6th Cavalry Division.



Official Department Of Defense Photo

FULL SPEED AHEAD IN ARMAMENT CONSTRUCTION—Uncle Sam already has mobilized hundreds of thousands of workmen in the great task of the over-all defense effort. Here is a typical job in rushing to completion the control car for the U. S. Navy N-type airship which has been developed for running down enemy submarines. This is the largest non-rigid aircraft ever built. It is capable of flying longer and farther without refueling, staying aloft for extended periods. In the foreground is the nose cone for the blimp.

NEW ANTI-SUBMARINE AIRSHIP NEARS COMPLETION—A new type blimp, the largest non-rigid airship ever built, has been developed as an answer to the threat of enemy submarines. It is the "Nan-Ship," soon to be launched into the air. Larger than the blimps of World War II, and carrying more submarine detection devices, it is capable of flying longer and farther without refueling. Airships, operating with planes and surface vessels, have proved successful in seeking out and tracking submarines.

Several County Civil Service Jobs Now Open

Looking for a job, or a better position?

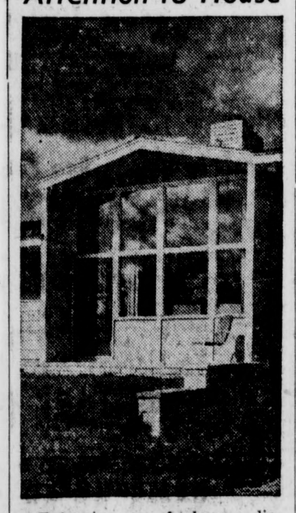
This announcement should interest you. The county civil service commission today said it now has openings for various county positions.

Examinations are to be conducted in the near future for: Firefighters and fire equipment operators in the fire warden's department; Criminal investigator in the district attorney's office; X-ray technician at Community hospital.

The first railroad in California, four miles long, was in Mariposa county.

The Pima Indians developed irrigation to a high level in prehistoric times.

Glass Wall Draws Attention to House



Extensive use of glass, a distinguishing mark of contemporary architecture, calls attention to this home designed by Gerhard W. Brandhorst, Minneapolis architect. As shown in American Builder, the light construction industry magazine, the imaginatively designed window wall is made of double-glazed glass, which consists of two panes separated by hermetically sealed air space. This minimizes heat loss and keeps out cold air. Large windows of this kind would not be practical if double-glazing had not been perfected, the publication says.

NATIONAL PRESS BUILDING
WASHINGTON, D. C
By Anne Goode

To be absolutely positive your fried chicken is completely cooked, take the largest piece and cut into its thickest part. The meat should cut easily with no pink color showing.

★ ★ ★

Stains on a lace tablecloth can be removed easily with color remover. Dip it in the solution until the entire cloth is white or nearly white. Then recolor it with ecru all-purpose dye.

★ ★ ★

To keep egg yolks in the center when you want attractive hard cooked eggs, stir the eggs around in the water every once in a while as they cook.

★ ★ ★

The popularity of red shoes shows signs of holding over through winter. They're so gay and extravagant-looking. The only worry is that they'll darken. But this need never happen if you give them the ol' shinola neutral and patch up scuffs with a little lipstick. They'll stay cherry bright.

★ ★ ★

The next time you're baking tomatoes, stuffed green peppers, apples or onions, place them in a muffin pan to bake. You'll find they keep their shape much better.

NATIONAL PRESS BUILDING
WASHINGTON, D. C
By Anne Goode

Turn off your iron, radio, hair dryer, lamp and other electrical appliances before pulling out the plug. Those sparks you see when the plug is pulled out with the appliance still on burn the prongs of the plug leaving them rough and pitted so that they no longer make a good electrical contact.

★ ★ ★

For an extra special filling for stuffed tomatoes, mix ½ cup crabmeat with ½ cup finely diced celery. Then blend in 2 tablespoons real mayonnaise and 1 teaspoon Worcestershire sauce. You'll love it.

★ ★ ★

To put fresh elastic in a garment easily and quickly, pin one end of your new elastic to the worn out piece. As you pull the old one out, the new elastic will slide right in place.

★ ★ ★

Chiffon and cream pies are especially yummy in a gingersnap crust: mix one cup of finely crumbled gingersnaps with one-quarter cup melted vitaminized margarine. Press firmly on bottom and sides of an eight-inch pie pan and bake in a moderate oven (350°F.) about 10 minutes. Cool before adding filling.

★ ★ ★

Stainless steel pans can be brightened by filling with a mild vinegar solution and allowing to simmer on the stove.

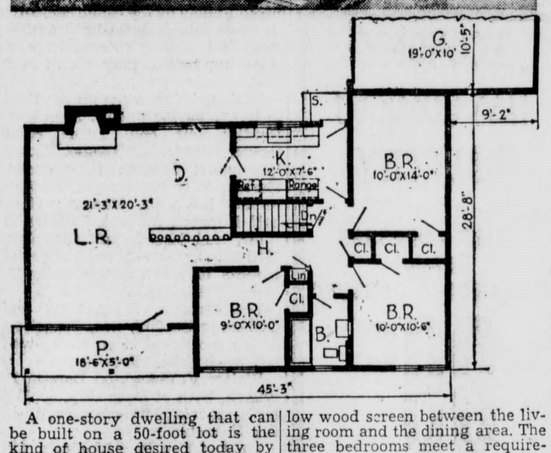
ARM SIGNALS HELP

Signals clearly given and understood make for good teamwork both on the gridiron and on the highway, advises the National Automobile Club. You can help reduce our tragic accident toll by making your arm signals clearly and deliberately, and by watching carefully for the signals of others.

MOUNTAIN LION HIDES BRING BOUNTY

An average of two hundred mountain lion hides are turned in to the California Division of Fish and Game each year, according to the National Automobile Club. These hides bring a bounty of fifty dollars on males, and sixty dollars on females.

Home for a 50-Foot Lot



A one-story dwelling that can be built on a 50-foot lot is the kind of house desired today by many potential home-owners, says American Builder magazine. This house, Plan No. 44, was selected to meet those specifications.

The main part of the house is only 25 feet, 5 inches wide. At the rear, the width is 39 feet, 1 inch including the garage. Overall length is 54 feet, 7 inches.

A feature of the interior is a low wood screen between the living room and the dining area. The three bedrooms meet a requirement of many families.

The rectangular shape of the dwelling makes construction economical. Interior living area measures 1,012 square feet.

(Detailed building plans of this house are available from American Builder, 30 Church St., New York 7, N. Y. Refer to Plan No. 44.)

LIGHTNING IMPARTIAL

The belief that lightning is more likely to strike a locust tree than trees of other kinds is false.

UNSEEING, UNSEEN

Termites are blind. They are seldom seen because they don't expose themselves to daylight.

NEWS FROM THE SCHOOLS

JEFFERSON

As the second week of the new semester closed, Jefferson Elementary School checked an enrollment of 400 students, ranging in grades from kindergarten through eighth.

All classes are on a regular, all-day session with the exception of the second and third grades. This is very different from this time a year ago when Jefferson had to have many classes on a double session in order to accommodate the students residing in Garden Village, Broadmoor and Westlake. The opening of the Garden Village School last spring relieved Jefferson's overcrowded condition. At the present time only students in the seventh and eighth grades from the above areas attend Jefferson.

On Thursday night, September 21, Jefferson held open house between 7 and 8:30 p.m. so that parents and friends might have an opportunity to inspect the newly renovated building.

During the summer the school was painted inside and out and the building rewired to permit the installation of concentric lighting. All classrooms were done in pastel colors according to the Harmon technique.

CROCKER

Back to School

Scrubbed faces, sharpened pencils, and new clothes of the Crocker student body were met when school opened by an equally "scrubbed" look in and outside the building.

First and foremost, and possibly least to be noticed, is Crocker's new fall "bonnet" — the attractive new roof, as well as a thoroughly renovated and cleaned furnace in preparation for the coming winter.

Inside the building, students and teachers "ohed" and ahed" at the work of the maintenance crew, headed by Steve Passafuime, as they noted the newly painted blackboards, which are now a soft shade of green, the polished floors and desks, the tiled floor in the "all-purpose room," and the repainting of the library, the teachers' lunch room, and the administrative office, as well as the basements.

Thanks for the repainting goes to Crocker's fine custodian, Sam Valentino. The entire maintenance crew also receives the appreciation of the Crocker student body and faculty for the immaculately clean woodwork and general building appearance. Needless to say, the students and teachers of Crocker are very proud of their physical plant, as well as the past academic record of its students.

Students Help

Civic-minded eighth grade students gave unselfishly of their time, prior to the opening of school to help their principal make the building have that "lived in" look, previous to the opening day of school. Hall bulletin boards were posted with interesting material and projects, supplies were distributed, books were passed out, pencils were sharpened, all in readiness for Monday, September 11, when school officially opened.

Among the spirited eighth graders who spent several afternoons, and in some cases days, in the building were Robert Bridges, Donna Carlisle, Paul Guaraglia, Lenita Johnson, Howard Klein, James Rector, Carolyn Saumer, James Snell, and Diane Valentino.

These efficient students were not only administratively helpful to their principal, but academically helpful to the entire student body, as it was through their efforts that the distribution of books and supplies afforded the faculty to start their teaching on the opening day of school, without these routine matters needing attention and requisition.

Yes, Crocker is on a "swing-shift" again, due to the ever-increasing student population of the Jefferson Elementary School District. Two more teachers have been added to the Crocker faculty, to take care of the added double session of two rooms.

Classification at Crocker this term, includes three eighth grades, two programmed for the A.M. session, one for the P.M.; three seventh grades, one programmed for the A.M., two for the P.M.; three sixth grades, one programmed for the A.M., two programmed for the P.M.; and two fifth grades, one programmed for A.M., and one programmed for a regular session. Fifth grade students residing in the Crocker vicinity will attend the Pershing school, while fifth graders residing in the Woodrow Wilson area, will be transported to Crocker.

Room 2, A.M. Session, Fifth Grade

Some of the students in the low fifth spent their summer in distant places.

Fernando Teglia was in Italy, Walter Sacchieri went to the Catskill Mountains in New York, Vicki Tomasi visited relatives in Canada. Grant MacNichols stayed in Pittsburgh, Pennsylvania, Reuben Martinez was with relatives in Denver, Colorado.

Room 2, P.M. Session, Sixth Grade

New students in Room 2, sixth grade, are Edith Guidry and John Sanches from San Francisco, Helen Marshall from Colma, Phillip Reece and Charles Wanek from Omaha, Martha and Ralph Wood from Chicago, Benny Daniel from Tennesee, James Sarretti from Connecticut, Myrl Stone and Larry Upchurch from Oklahoma.

The social science unit for this group is "Our Sotuhern Neighbors."

Room 3, Regular Session

The fifth grade from Room 3 is prepared to enjoy an interesting and profitable year. The class plans to study thoroughly the early pioneer life, the western movement, and life in California today.

The classroom is decorated with a gay border of colored autumn leaves which gives one the feeling that fall is in the air.

The class is a congenial group and expects to have many pleasant experiences in the coming year.

Room 4, A.M. Session

The sixth grade of Room 4 is reviewing world geography, mountains, rivers, oceans, lakes, continents, etc.

The class misses Neta Emerson, Armand Faber, and John Welcome, who have transferred to other schools.

Room 4, P.M. Session

Two children who have entered this class have been attending school in Guam. They are Phyllis Brown and Gordon Tydingco. Their fathers are in the Navy.

Room 5, A.M. Session

Forty-six pupils are enrolled in the eighth grade in Room 5.

The class is reviewing work in arithmetic, spelling, and geographic concepts before starting on their unit of the history , geography and the government of the United States. They are also learning short cuts in order to check their problems more rapidly.

Some work on the Constitution has been started as no one may be graduated from the eighth grade unless he first passes a test on the Constitution of the United States of America.

Enrollment

Crocker School enrollment has soared to an all-time high, with an enrollment of 434 pupils in fifth through eighth grade. It is reported that most of the priority requests, in fact all, requesting transfers from one session to another have been met. Now, however, requests for transfers having come in since Wednesday, in the intermediate grades, will of necessity have to wait transfers until students enrolled leave or the enrollment is decreased in those particular sessions.

Eighth Grade

The eighth grade has been studying the Marshall Plan. They have learned that sixteen European countries so far have accepted it. This plan gave new hope to the war-torn countries of Europe. All member nations are in better condition and are producing more than they did before the war. France and Italy which almost became Communistic nations are now on the side of the democracies.

This class is also learning to make beautiful modern all-over designs under the direction of Mrs. Kagan, the art supervisor.

Seventh Grade

This class is continuing its study of ancient man in social studies. This is to be used as background for a detailed unit on China and Russia. In arithmetic the class is reviewing multiplication, and in English is studying supject and predicate. Also plans are now being made for a school football team.

Sixth Grade

The sixth grade had a lesson on the eclipse of the moon Monday. They learned why an eclipse occurs and were prepared to observe and discuss Monday's eclipse.

This class has also begun the study of the countries and capitals of Central America. They have located them on maps and made lists for their notebooks and are ready to read about the products of the countries and the customs of the people. Judy Mitchell, who has been in Guatemala, has contributed much to the discussion.

Fifth Grade

This class has been studying the three main types of Indians who lived in the United States before the coming of the white man. These are the Woodland Indians, who lived on the eastern seaboard; the Plains Indians, who lived on the great central plain; and the Pueblo Indians of the Southwest. The class hopes to do some large wall drawings showing the differences in mode of living of these three types of Indians.

Safety

Crocker student body and teachers are very proud of one of its extremely safety-conscious citizens.

Dick Hopman, who was one of the outstanding participants in the safety program to represent Crocker School and the Jefferson School District in San Mateo county, displayed his bravery when he saw a run-away car with two children in it. Dick, attempted to save the lives of the two babies, which he did but suffered an internal injury from which his parents report he is recovering. We are very proud of you, Dick, and we know your unselfish attitude and presence of mind is appreciated by students and citizens of your school and community.

Officer

President pro tempore of the Crocker student body is Jim Snell Jr., who was selected by his classmates to serve as the chief executive officer of the student body until the election of student body officers takes place upon the completion of enrollment and classification. Jim served as president for the P.M. session last term, and was very efficient in executing his duties. This term's president, for both A.M. and P.M. sessions will be selected from the eighth grade, since there is an eighth grade scheduled in both sessions of the Crocker classification, totaling approximately 120 students.

Art Show

Forty-one eighth grade Crocker students enjoyed a cultural and social day at Golden Gate Park, where they viewed the Vienna Art Treasures, visited the Academy of Science, the Aquarium, the Oriental Tea Gardens, and Stow Lake.

The excursion was planned by the principal and teachers of Crocker School, and transportation was provided for by the district school bus. Before going to the park, the students viewed the Freedom Bell, which was in San Francisco at Civic Center for just one day. The group felt very fortunate in being able to see this symbol which is being shown as a crusade for freedom.

Under a law of 1771, Delaware still maintains the whipping post as punishment for some crimes.

Serra Theatre To Open Early

Beginning this Monday it will be possible to see two complete shows at the Serra Theatre, 2730 Junipero Serra, Bill Pappas, manager, said today.

The doors of the theatre will open at 5:45 p.m., with the movie beginning at 6 p.m. Then, between 9:30 and 10 p.m. a completely new show will start.

"This is for the convenience of parents who wish to get their children to the show early and home early," Pappas said.

Double feature for Monday will be "The Men," starring Marlon Brando and "Iraquois Trail," featuring George Montgomery.

The first Pony Express rider from St. Joseph, Missouri, arrived in San Francisco April 14, 1860.

Santa Fe has been the capital of New Mexico since it was admitted to the Union in 1912.

The Panama Pacific International Exposition opened in San Francisco February 20, 1912.

YOUR DALY CITY GARDEN CLUB NEWS

By ELSIE M. GARRISON

At long last, summer is finally here, and the "unbelievers" go around with a chastened and hopeful expression. (How long will it last?) This is the time of year in Daly City and San Francisco that tourists rave over, and tell tales of bitter rain and snow in the climes they recently quit, with the obvious relief of an escapee from the salt mines of Siberia.

It is easy to tell, when sojourning with out-of-state friends, just what time of year they visited here, solely by their reactions:

"That foggy place!" "Wore my fur coat all the summer I was there!" Or conversely, "Simply dazzling"; "Beautiful, clear and sunny, and such a view," or even "Like a Mediterranean paradise!" The latter, of course, mostly from the late vacationers in October and even November.

Confusing

Of course the discrepancy between the seasons and calendar is a little confusing to the flowers too. I have several bulbs, and know of plants that bloom several times a year instead of their allotted one time. Every time I catch my lily blooming after the season I am struck by its apologetic air, for it is usually hiding behind something else — no doubt a little ashamed of its nocturnal habits. I have been told of many experiences which gardeners in this region have encountered plants that "simply do not behave according to advance notices," which certainly makes a fool out of the catalogue, seedmen and botanist alike, and proves that some plants and flowers must have a pull with "Old Sol" himself.

Be that as it may, it adds a surprise element, and we all like surprises, do we not? Generally when the nice weather comes, gardeners in other locales can enjoy the fruit of their labor, but since our summer comes in October, there is nothing for it, but to get busy and plant our bulbs for winter and spring blooming.

Even though we may have definite plans for a particular type of a garden, one would not be complete without at least some varieties of bulbs, of which there are so many beautiful varieties. If care is exercised in placing the bulbs, the appreciation will justify the caution.

Plan Plot

So first plan your location, and the key to that is simple. If you would receive maximum effect from your bulbs it is well to plant them against the background of not too dense foliage, such as hedge, or small bushes, and an equally interesting arrangement is at the base of trees, where the shifting shade and protection is of advantage. They may be planted in a border, but not as "little soldiers in a row," for they should not be taken up immeidately after the blooming period, and can not be easily camouflaged. Then too, the masses are infinitely more colorful and impressive. Rich sandy loam with good drainage will nurture your bulbs well, and bone meal is a satisfactory fertilizer. Mix well with the soil just belowe the bulbs, and try to be careful to plant the bulbs the correct depths. If you buy bulbs, no doubt the depth will be clearly marked. However, a good general rule is to measure the diameter of the bulb, times three. For example, a bulb two inches across would be planted with the base six inches below the surface. King Alfreds are very popular and are a deep shade of yellow. The paler variety is known as Aerolite, and the bi-color of white and yellow is the spring Glory. Mme. Krelage is near white.

Tulip Growing

Tulips are a joy to the gardener, and provide a riot of color to the spring garden. Blue grape hyacinths are also exquisite, and make lovely potted gifts, for Easter giving. Don't forget that what you do now will show up in beauty and satisfaction when the weather may not be conducive to other types of planting.

I hope that many of you were able to take in the flower show at Macy's this week. In their usual dramatic fashion, Podesta and Baldocci conspired with Macy's to put on an unusually beautiful display of fall blooms. Large trees in autumnal dress were at the entrances to the store, and huge gold bowls of chrysanthemums of every variety were lavishly arranged in the vantage spots usually taken by merchandise. The whole gamut of color was run, in the russet fall shades, and here and there in sheer accent were urns of pure golden yellow mums. Attracting SO much attention were the new Fujii varieties of mums in white Spider, yellow Spider, maroon, and matchless nightingale.

SF Cow Palace Show To Open Next Friday

There'll be something to interest everyone when the doors of San Francisco's huge Cow Palace swing open next Friday, October 27 for the first arena performance of the sixth annual Grand National Livestock Exposition, Horse Show and Rodeo.

In addition to the exposition of several thousand head of livestock including some of the nation's most famous show herds, there will be arena performances of rodeo and horse show events and circus thrills.

Downtown streets and store windows are decorated, newspaper ads are welcoming out-of-town visitors, special attractions have been booked in the city's theatres, and restaurants are preparing special dishes which will be named in honor of the Grand National.

Meanwhile, the great Cow Palace itself continued to hum with activity as final touches were put on exhibits and decorations, and cattle, sheep, swine and horses began pouring into the big stock barns.

Tickets for reserved seats for arena performances went on sale at downtown ticket offices and found a responsive market.

A series of tribute nights was announced to honor the Chamber of Commerce, Bay Area riding clubs and sheriff's posses, the California Farm Bureau Federation, the California Wool Growers Association and the International Rodeo Association.

This year's show will have 14 arena performances, with matinees scheduled for Saturdays and Sundays, Oct. 27 and 28 and Nov. 4 and 5.

The modern strawberry was unknown 200 years ago.

Grains represent 82 per cent of the world's food supply.

Roosevelt Charges Conspiracy Against State Residents

James Roosevelt, Democratic candidate for Governor, today charged that there is a conspiracy between the Republican controlled party in Sacramento and the monopolies to milk the people of millions of dollars.

"The most recent application of the Pacific Gas and Electric Company which raises the rates of the people of the state by more than 25 per cent is only another illustration of the raids that these monopolies have been making on the consumer," Roosevelt said.

He charged the Governor with indifference to the interests of the consumer "by refusing at any time to protest the action of his own Public Utilities Commission and in supinely agreeing and granting every application of the monopolies."

Roosevelt demanded that Warren immediately appoint a Public Defender to stop these raids.

He continued: "The public have had added to their budget over the past five years more than one hundred million dollars, and with this new application just filed by the P. G. & E., there is an additional $72 million on file with the commission. This has got to stop. The time has come for the elected representatives of the people to halt these raids."

Painters Union Donates Blood

San Mateo Painters' Union, Local No. 913, is one organization aware of the need for blood brought about by the Korean war.

And the union, with a membership of more than 500, is doing something about it.

Any of its members who donate blood to the San Mateo County blood bank within the next three months will be exempt from paying dues for one month.

Kenneth Hower, chairman of the union's blood donor committee, expressed the reason for the action: "We do not minimize the seriousness of the present Korean situation and want our county blood bank to be in readiness to send large supplies of whole blood and plasma when the military demands."

The blood bank gives group credit to the painters union for each pint of blood donated by a member. In turn, the union members or any one of a member's family can draw on the blood bank for credit when transfusions are needed.

The painters' union now has a credit of 21 pints of blood at the county blood bank. Its announced goal is to build this total to 100.

Contra Costa county embraces 734 square miles of land area.

Tungsten never occurs free in nature and is found in relatively few minerals.

The oldest operating fish hatchery in California is the Mount Shasta Hatchery.

Another Daly City Resident Gives Blood

Getting on the band wagon, Homer Dickinson of Daly City this week joined the many local residents who have given blood to thre San Mateo County Blood Bank.

It was the first time for Dickinson, but he promises it won't be the last.

All those interested in giving blood to help Korean veterans and those at home, are asked to contact the San Mateo County Blood Bank in San Mateo.

(Paid Political Adv.)

TORMEY TOPICS

A. B. (Phil) PATTEN, candidate in the primary election for County Superintendent of Schools, endorses as follows the nomination of James R. Tormey:

James R. Tormey:

"A further study of the many problems connected with the office of the County Superintendent of Schools has verified my belief that there should be an entire change in the leadership. During my own campaign in the primary election I honestly felt that education throughout the county could be better served by a superintendent who had had no previous connection with this office.

"James R. Tormey seems to be the better qualified candidate for this most important educational office. His experience in educational leadership, in practical democracy and in working with groups of widely different interests certainly gives him a rich background for the position of County Superintendent of Schools. His highly successful administration for many years of one of the largest and most varied adult education programs in the state is sufficient proof of his ability to administer an educational program.

"Mr. Tormey has a wholesome philosophy of education and a practical common sense view of present day problems in our schools.

"I am happy to give 'Jim' my endorsement for the office of County Superintendent of Schools and will appreciate any support that my friends care to give him."

SOCIAL SECURITY

By Edward J. Foley
Manager of the San Mateo
Social Security Office

In my first article, I described the social security law as your policy for old-age and survivors insurance and your social security card as the symbol of that policy. Perhaps you are among the millions now protected by this program. It may be that you are among the more than three million now receiving monthly insurance payments under this law. If you're among the latter, your September check, scheduled to reach you early in October, will show increased payments given you under the newly amended social security law.

How much will your increase be?

Well, to be fair to you and the other current beneficiaries serviced by the office, I would have to give 4,000 answers to that question. There are that many people now getting old-age and survivors insurance payments in this area.

Obviously, I can't be specific. We must ask you to be patient and wait until your September check reaches you in early October. That check will tell you in dollars and cents just how much your benefit payments have been increased.

I do want to say, however, that increases range from about 50% for highest benefit groups to about 100% for low benefit groups. For example — the average benefit of approximately $26 per month for a retired insured worker will be increased to about $46. If you are now getting $40 a month in payments as a retired worker your September check will be for about $64.

Family benefits will be increased also. For instance, the present maximum family benefit of $85 will be $150 under the new law. A widow with two children now receiving $55 monthly will get about $110 under the new law. Each of these increased payments to wives, parents, widows, and dependent children must be figured individually. The amounts of these increases will depend largely on the amount of the insured retired worker's enlarged benefit. In no case will increased family benefit payments exceed eighty per cent of his average monthly wage.

All of the increases I have mentioned apply to present beneficiaries. The new law makes it easier for workers to qualify for social security protection and become future beneficiaries under old-age and survivors insurance. In my next article I shall discuss this important phase of your new social security.

Veterans Administration received 83,800 applications for National Service Life Insurance during August — three times the monthly average of 27,400 for the first seven months of 1950. The August total was the highest for any month during the past two and one-half years.

More than 1,853,000 permanent-plan NSLI policies were in force on July 30 — an increase of seven per cent over the 1,736,250 permanent policies held by veterans at the end of January 1950.

Sugar beets are produced in 21 states.

SM County Shows Second Largest Population Gain

San Mateo county placed second for largest percentage gain in population in the state during the past ten years, according to figures supplied by the bureau of census in Washington, D. C.

Present county population mark is 234,080, a 109.4 per cent increase over the 1940 total of 111,782. Contra Costa county had the largest increase with a gain of 196.1 per cent to 297,430 over 100,450 a decade ago.

In addition, San Mateo county's percentage gain was more than double the percentage gain of the state as a whole. The state itself had a population increase of 51.9 per cent since 1940, up from 6,907,387 to 10,490,070.

In third place in percentage gain standings was Solano county with a population increase from 49,118 in 1940 to 102,750 this year for a percentage gain of 109.2 per cent.

Other prominent county gains were those of Los Angeles, up 41.1 per cent (from 2,785,653 in 1940 to 4,125,164 this year); Santa Clara, up 65.2 per cent (from 174,949 to 288,938); Marin, up 61.1 per cent (from 52,907 to 85,237) and Monterey, up 77.9 per cent (from 73,034 to 129,911).

San Francisco county's gain was 19.9 per cent (from 634,536 to 760,753).

Sheriff McGrath Calls Civilian Defense Meet

Sheriff James J. McGrath of San Mateo County today called the organization meeting of his new Sheriff's Advisory Committee on Civilian Defense. The meeting will be held Friday night, October 20, in the courthouse at Redwood City. The session will convene at 8 o'clock.

The sheriff reported he has a nucleus of an outstanding advisory group of some 25 prominent men and women of the county, and he desires to have them organize and get into action. At the meeting Friday night an organization of the committee will be set up, he added, and a definite program outlined. Sheriff McGrath said citizens from every section of the county and from every phase of community life are represented among those who have expressed their willingness to serve on the Advisory Committee.

Principal purposes of the committee, McGrath explained, will be to co-operate with him on the county's civilian defense program with advice and suggestions, and to help in educating the county to the importance of an effective defense program in case of emergency.

The sheriff said the Advisory Committee will be enlarged from time to time by other members he will select to insure full representation from every area of the county.

In his appeal for 100 auxiliary deputy sheriffs to act in case of emergency, Sheriff McGrath said more than 80 volunteers already have signed up for duty. These deputies will be given equipment, and a training course, he added, when the Board of Supervisors makes available necessary funds, which he plans to ask, following the meeting Friday of the Advisory Committee.

San Francisco is headquarters for 400 of the 600 insurance companies authorized to conduct business in California.

ALL SET FOR GRAND NATIONAL

Thousands of visitors who are planning to attend nation's biggest combination livestock exposition, international championship rodeo, and million-dollar horse show, may now purchase reserved seat tickets in their own home towns. As service to out-of-town supporters, Grand National management has arranged with Pacific Greyhound Lines for all its ticket agents in West to serve also as seat salesmen for gigantic show. Shown here are Grand National Livestock Queen Joyce Brown (left) and Rodeo Queen Bette Sherwood receiving first batch of combination reserved seat and transportation tickets from M. C. Frailey, vice president of Pacific Greyhound Lines.

New Post Office Sought In Mission Excelsior District

Postmaster John F. Fixa today announced that larger quarters are needed to handle postal service in the Mission-Excelsior District.

Approximately 4,000 square feet of floor space will be necessary for the station which is to be located in the area bounded by Mission street on the east—Onondago avenue on the south—Cayuga street on the west and San Juan avenue on the north.

A five or ten year lease is desired.

Proposals for such lease or any additional information can be secured from Mr. W. B. Mouser, Post Office Inspector, Room 317, Rincon Annex Post Office, Spear and Mission streets until November 9, 1950.

Attendance at the De Young Museum in San Francisco's Golden Gate Park is said to exceed annually that of the Metropolitan Museum in New York.

In California there are less than a dozen species of insects which cause serious injury to large acreages of sugar beets.

Wood With Handsome Grain Chosen for Veneer Cutting

The decorative grain patterns of hardwood veneer, a material prized for use in quality furniture, radio and television cabinets, wall panels and flush doors, are due to the parts of the tree from which the wood is taken and the way the log is "opened" or cut. The same effects cannot be achieved with solid lumber.

Distinctive wood grain figures are obtained not only from the trunk of a tree but from the stump, from the crotch where the tree forks into limbs, and from burls, wart-like growth deformities.

The crotch, where the wood fibers are crushed and twisted together as the limbs grow in the living tree, yields one of the most striking patterns. Swirl, another figure, comes from the outer sides of a crotch block or a burl. The grain of the burl itself often is rippled and variegated.

Wood veneer from the stump of a tree is unusually attractive because pressure from the growing tree has wrinkled the wood fibers. Stump veneer also is known as butt veneer.

In converting a log into thin sheets of veneer, slicing is the method customarily used to produce the choice face stock. Slicing through the entire thickness of the log is the flat cut method. Sometimes the log—or "flitch" as it is known in the industry—is cut first into quarters lengthwise, producing a beautifully striped figure in most woods.

In making veneers for the inner layers of hardwood plywood, rotary cutting is the method usually selected. The log is mounted on a lathe and turned against a razor-sharp knife. As the log revolves, the veneer peels off in a uniformly thin sheet. This operation is similar to unwinding a roll of paper.

Drawing shows the parts of a tree from which different kinds of hardwood veneer are taken.

National Guard Members Exempt From Induction

Men of draft age may now join the National Guard or Reserve Units, and will not be called up in the draft.

This information came today from Captain Harry Nicolson, Executive Officer of the 149th Anti Aircraft Artillery, National Guard of San Mateo county. The change is embodied in Local Board Memorandum No. 20 issued Sept. 8, 1950 by National Selective Service headquarters and the 49th Division Headquarters Memorandum on Sept. 27.

Captain Nicolson emphasized that the men must join the Guard before receiving notice to appear for physical examination. The postmark on the letter of notification from the local draft board is the determining date. Men joining the guard will procure form 44 from the local draft board, which form will be certified by the National Guard Unit. Men who join and do not attend the regular weekly drills and two weeks summer encampment will be certified back to their local draft boards.

Men who have reached their seventeenth birthday are eligible for enlistment in the National Guard. The draft is now taking men 19 thru 26.

The local National Guard Units are Batteries B and C of the 149th Anti Aircraft Artillery located in the gymnasium at the Navy Base, Tanforan, San Bruno. Enlistments will be accepted each Monday night between the hours of 7 p.m. and 10 p.m. The Armory is open daily except Saturday and Sunday, and enlistments will be accepted during the day.

Epiphany Church To Hold Whist Party This Coming Tuesday, Oct. 24

Members of the Holy Rosary Sodality of the Church of Epiphany will hold a whist party Tuesday, October 24, at 8:15 p. m. in the school auditorium, Naples and Italy streets.

Proceeds will be used for the new church which is now under construction, according to Mrs. Ellen Marlow, president.

Applications Being Taken For NROTC

The Navy has announced the annual competition for the Naval Reserve Officers' Training Corps.

All male high school seniors and graduates between the ages of 17 and 21 are eligible to apply for the program which gives a full four year, government sponsored, college education at one of the 52 colleges and universities throughout the country in which there are Naval ROTC units.

In addition to the age limits, applicants must meet physical and mental standards and successfully pass an aptitude test. Young men desiring to participate in the program must file an application for this test prior to November 18, 1950.

Application blanks and complete information concerning the program are available from all high school principals, college deans, Professors of Naval Science, Offices of Naval Officer Procurement, and all Naval Recruiting Stations. The test itself will be given on December 9 in 550 cities widely distributed in the 48 states, as well as Alaska, Hawaii, Puerto Rico, and the Canal one.

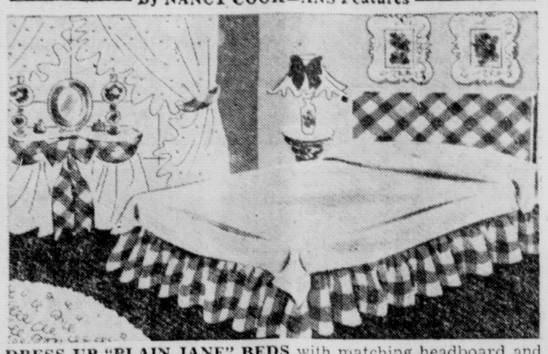
Young Homemakers Corner

By NANCY COOK—ANS Features



DRESS UP "PLAIN JANE" BEDS with matching headboard and dust ruffle. If you have beds with unimaginative headboards, don't blame the lack of glamour on your budget. Instead, take your cue from professional decorators and give each bed a gay new look with inexpensive washable fabrics and a few hours at your sewing machine.

Even if you've never sewed before, you can learn how to stitch up all manner of clever decorating effects by spending just a few hours in your local Singer Sewing Center. There you'll find it's easy to master the latest decorator tricks, and sewing short-cuts to achieve a professional-like finish. For instance, to estimate yardage for headboard slip-cover, measure across top of headboard for width and from top to bottom for depth. If fabric has a large design that must be centered, remember to allow an extra yard of material.

Before cutting fabric, place material lengthwise across front of headboard to avoid seams down center front. *A tip on stitching technique is to join narrow boxing strips that run down sides and across top with corded edges . . . easily done* with cording foot attachment *for your sewing machine.* Slip finished cover over top of headboard; fasten snugly in back. Slip-cover for a curved headboard must be shaped, or you can make it straight by building headboard out with compo board.

To measure for dust ruffle, allow 1½ times the measurement of both mattress sides and foot end, plus 5 inches allowance for hems at each side of headboard. A 50-inch length of fabric can be split for dust ruffle.

* * *

QUICK TRICK for securing headboard cover and dust ruffle to bed . . . After fitting cover to headboard, turn back seam allowance on center back opening. Attach Gripper Fasteners along this seam. These Scovill all-metal fasteners make ideal closure for a variety of home decorating projects.

So that dust ruffle hangs evenly, cut a muslin piece to cover top of box spring. Attach Gripper Fasteners every 3 or 4 inches all around edge. Apply "socket" side of fastener to

dust ruffle top edge. *Mattress holds muslin firmly in place and dust ruffle whisks off in a flash for laundering.* No worry about washing, either, as these fasteners are rust-proof, too.

* * *

SHOP WISELY for material, to save woe and wasted hours later on. A good guide is to choose Sanforized decorator fabrics, so you won't have to pre-shrink material at home, and even after countless launderings, your draperies and bedspreads will still fit perfectly.

The new and varied selection of pre-shrunk fabrics in the stores are a sure-fire remedy for any tired room. There are plaids, a favorite of teen-agers or a career miss . . . cute-as-can-be animal prints for the small fry. We particularly like this year's new color combinations in large floral prints.

Legend has it that one who drinks of the waters of the famed Hassayampa River in Arizona will "never tell the truth again."

San Francisco's Stockton Street tunnel bores 911 feet through Nob Hill to connect the downtown district with Chinatown.

The 44,000-acre Fremont Grant in Mariposa county was purchased prior to 1849 for $3,000,000 and sold in 1873 for $6,000,000.

Glenn county was created in 1891.

FASHION NOTES

By TONI WOODWARD—ANS

A small wonder is the line that makes or breaks the perfect fashion picture this season. Flexees' designers have cheated nature by combining three important improvements in their new Avant bra—a front hook closing for smooth, unbroken back line—a convertable neckline to be lowered or raised to match the most modest or drastic plunge of one's dress and—a double ribbon strap with lingerie type adjustable buckles which eliminate loose ends to unravel and mar the smooth, uncluttered look of this season's clothes . . . and their double thickness is kind to sensitive shoulders too! Avant is actually an advanced picture of the fall and winter torso at its most feminine. It's created in regular and longline lengths, in plunging, princess and shutter styles. It runs the gamut in appropriate materials from cotton to rayon to nylon to satin.

San Francisco Bay ranks sixth among the nation's harbors in volume of traffic but first in natural advantages.

The Russ building in San Francisco is 408 feet high.

Hall Headquarters Set Up In SM Hotel

Admiral S. V. Johnson, county campaign chairman for Henry C. Hall, candidate for County Superintendent of Schools, announced today that headquarters have been established in the Benjamin Franklin Hotel for the forthcoming November 7th election.

"The voters have shown that they want more than a politician in the schools office," Johnson said. "Hall's lead in the primary balloting is only the beginning of a landslide for a capable, experienced educator, who has conducted a clean professional campaign for the position he seeks."

Johnson further stated that judging by the number of letters received from supporters of Hall's candidacy commending him for the admirable restraint used during the primary effort, it is apparent that the voters respect Hall for maintaining a professional attitude toward his opponents carrying on a fair and clean campaign.

Johnson said that those working in behalf of Hall have committed themselves to a campaign wherein the qualifications of their candidate will be presented honestly and truthfully.

California embraces three-fifths of the Western coastline of the United States.

Mumps Sweep SM County In Sept.

Mumps, chicken pox, and measles topped the frequency chart for diseases during the month of September, according to figures released recently by the San Mateo County Public Health Division.

Twenty-four cases of mumps, 16 of chicken pox, and 15 cases of measles were reported within the county last month. Last year in September there were 24 cases of mumps, eight cases of chicken pox and 11 cases of measles.

San Mateo had the most cases of mumps with five. Chicken pox cases occurred most in San Bruno where four cases were reported. Seven cases of measles turned up in Redwood City.

Ten cases of syphilis and 10 cases of whooping cough came in September. Last year's figures included three syphilis cases and five whooping cough ailments.

Poliomyelitis was reported eight times last month, almost double last year's September figure.

Six people contacted tuberculosis in September, as compared to five a year ago.

Total cases of disease for September this year number 96.

Institutional on-farm training for veterans, which reached a peak of 362,000 trainees in May 1950, has been declining for the past three months, dropping to 356,000 enrollees on August 30.

As of August 30, only 373,581 of the more than 7,000,000 veterans who have trained so far under the GI Bill had exhausted their entitlement to further training.

July 25, 1951, is the cut-off date for starting GI Bill education and training for most World War II veterans. Chief exceptions are those interrupting training to return to active military duty and those discharged after July 25, 1947.

With the beginning of football season, the "Record" hopes to bring you all the latest on Daly City teams. How about passing along any news of the football season to the "Record." In fact, any items concerning sports from table tennis to bowling are welcome, and will be published. Send these items to the "Daly City Record," 3317 San Jose avenue, Daly City 25, or call PLaza 5-4321.

Walking on Roof to Patch It Can Cause Additional Leaks

The act of patching a roof often results in more leaks than existed before repair work was started. This is one of the little understood reasons for completely recovering a weatherbeaten roof with asphalt shingles instead of patching it.

Accidental splitting or puncturing of old, worn roofing is difficult to avoid when the roof is used as a work platform. The possibility of damage is great because the roof has been weakened by years of service. Patching a leak is recommended only when the roof is relatively new and the damage is localized—a leak caused by a falling tree branch, for example. Otherwise, patching might be ineffective, because roofing wears evenly and the first leak indicates that others will develop soon.

The roof of a house should be inspected in the fall. This inspection should be made early enough to leave time for reroofing, if it is necessary, before cold weather arrives.

GI Bill college enrollments this past summer dropped to the lowest point in five years. The 150,000 veterans in class on August 30, 1950, compares with 224,000 the year before, and 426,000 in August 1947—the program's peak summer enrollment.

The number of veterans training on-the-job under the GI Bill and Public Law 16 has been declining for the past three and one-half years, dropping from a peak of 720,500 in January 1947, to a new low of 214,000 at the end of August 1950.

By August 25, 1950, a total of 2,050,482 — were for the purpose 2,231,217 veterans had obtained GI of buying or building homes. The loans valued at $12.2 billion. Betterremainder were for farms and busthan 90 per cent of the loans — or nesses.

Wrong Location Makes Thermostat Work Erratically

An improperly located thermostat often is responsible for erratic operation of a home heating system, says American Builder magazine. This check list is suggested as a guide in looking for the fault:

1—The thermostat should not be in a room with large glass areas on the east, south or west sides. Sunlight coming through large windows can make the room warmer than the rest of the house and "satisfy" the thermostat.

2—The thermostat should never be exposed to direct sunlight or to drafts of cold air.

3—It should never be near a source of heat, such as a radio or television set or a lamp. It should not be secured to a section of wall which conceals a warm air riser, a hot water pipe or a chimney.

4—The thermostat should be located where room air can reach it freely. It should never be pocketed behind a door which ordinarily stands open, nor should it be close to an inside corner of a room.

WASH WASPS AWAY

A wasp nest under the eaves of a house can be destroyed by a stream of water from a garden hose.

BEETLEHOLES

Wormholes in old furniture and woodwork are made by beetles.

Organized Labor Swings Behind McGrath Campaign

Labor organizations throughout San Mateo county today are swinging into the campaign of Sheriff James J. (Jim) McGrath, who is seeking re-election at the November 7 general election.

Spearheaded by many of Labor's most prominent leaders, the campaign is rapidly gaining impetus according to Co-Chairman Claude J. Hirschey, former San Mateo mayor, and Irving E. Kesterson, retired Atherton cattleman.

Hirschey and Kesterson announced the following Labor leaders as members of Sheriff McGrath's labor committee for re-election: John C. Healey, Redwood City; Thomas A. Small; W. A. Dietericksen, Charles B. Benton, Roy L. Smith and J. E. Moore, all of San Mateo, and Edward Dennis of Daly City. The county co-chairman declared these leaders would take an active part in directing Labor's efforts for Sheriff McGrath in every union throughout the county, and among county residents who are members of unions outside the county.

Nursery Assn. Backs Tormey

The Parents' Cooperative Nursery Association announces its endorsement of James R. Tormey who is a candidate for the office of County Superintendent of Schools. The nursery school, located at Coyote Point, is co-sponsored by the Adult Center of the San Mateo Junior College and by the Parents' Association.

Mrs. Cecil Cole, president of the parents' group, says: "It is a pleasure for the San Mateo Cooperative Nursery School to endorse Mr. Tormey as County Superintendent of Schools. During three years close association with Mr. Tormey we have found that he insists on high standards and a professional staff which can maintain those standards and then allows that staff to work out their own program."

"He is always sensitive to the need for a well-rounded program for family living which interrelates the child, the teacher, the parent and the parent-to-be. It is because of his cooperation, vision and efficient administration that the San Mateo Cooperative Nursery Association has become the most envied and recognized cooperative nursery in the states."

Education Ideas Discussed At CCPT eeting

"Ideals of Education" was the topic discussed by Mrs. Wiliam Cox, State Director of Education, Thursday, Sept. 28, at the meeting of the Seventeenth District Claifornia Congress of Parents and Teachers held at the Pescadero Elementary school.

Principles are basically what we want in education for our children, Mrs. Cox explained, and through parent participation in school curriculum these wants can be obtained. Basic skills, (reading, writing and arithmetic) physical development in mind and body, social adjustment, vocational guidance, character training and citizenship training are the basis of a complete education, Mrs. Cox stated, and to have these we must have good buildings, adequate amount of supplies, and well trained teachers. Only by parents recognizing these needs and understanding the financial responsibilities and every day problems of the school districts can the ideals of education go forward.

Symphony Concert Set For Monday

The next in the series of free musical concerts will be presented Monday evening, October 23 at the Commerce High school auditorium, Franklin and Hayes streets, San Francisco.

Under the direction of Wendell Otey, the series of concerts are sponsored by San Francisco State College.

The program for the evening performance, which gets underway at 8:30 p. m. will feature: Concert Piece by William Ward; Ballet music from Tschaikowsky's "Swan Lake;" Rachmaninoff's Piano Concerto No. 2, soloist Austin Coggin; Centennial Americana by Wendell Otey; excerpts from music plays...Johnny Appleseed, The Shining Trail and Beginnings of Statehood.

California has made more progress in handling its forestry problems since 1944 than in the preceding quarter-century.

Resin Adhesives Permanently Bond Sheets of Veneer

Synthetic resin adhesives recently have been developed for bonding together thin sheets of wood veneer to make hardwood plywood. These adhesives produce joints that are waterproof, immune to bacterial attack, heat-resistant and stronger than the wood itself.

Strength and durability of the bond result from chemical change caused by simultaneous application of heat and pressure. The hot-press process requires a temperature of about 300 degrees Fahrenheit and pressure of 250 to 350 pounds per square inch.

Wood veneer panels bonded with phenolic resins can be boiled in water indefinitely without harming the adhesive joint. Subjected to dry heat, the adhesive will not fail even when the temperature goes above the charring point of the wood.

CPS Announces Armed Forces Plan

Action to safeguard the prepaid health beenfits of its members who are called to the armed forces was taken today by the California Physicians' Service, the Blue Shield Health Plan, to which nearly one million Californians belong.

CPS announced that any member who enters the armed forces may, upon request, have his membership placed in abeyance for the period of his active service. During this period both dues and benefits will be suspended, CPS announced.
